Vol. LXIII

No. 1

Oct. 18, 1977

Weekend, Oct. 21-23, Will Be Busy With Parents And Homecoming

Combining Parents Weekend, Football Dad's night and Homecoming will make the weekend of Oct. 21-23 a busy one at St. John's Military School.

Parents weekend was started a year ago when the traditional Thanksgiving Festival was eliminated from the schedule and Cadets were permitted a vacation at home.

The weekend activities will begin with a 4 p.m. dinner Friday, Oct. 21 for the football team and their fathers in Nichols Dining Hall.

"The Miss SJMS" dinner for members of the Cadet Corps, candidates for the Queen honors and members of the faculty and staff will be at 6 p.m. At that time, the girl who will reign as queen of the homecoming festivities and be featured in the School's yearbook, "The Sound-Off" will be selected.

Pre-game ceremonies will begin at 7:15 p.m., Oct. 21, on Perkins Field to be followed by the SJMS-Glasco football game.

The "Miss SJMS Pageant" will be held at halftime.

Following the game, the Homecoming dance will be held in the gymnasium with passes ending at 1 a.m.

Parents may visit the classrooms and confer with faculty and staff members from 8 a.m.

to 12 noon, Saturday, Oct. 22. Upper School class schedules may be picked up in the Director of Studies office and for the Lower School in the office of Parkview Hall.

The semi-annual luncheon meeting of the SJMS Foundation, an organization of parents and friends, will be at 12:30 p.m., Saturday, in Nichols Hall. Following the luncheon, parents will again have the opportunity to visit with staff members and teachers until 4 p.m.

At 6:30 p.m., Saturday, the 90th Corps of Cadets will leave campus to march to the Salina Community Theater.

The SJMS Drama and Vocal music departments will present an evening of entertainment to be followed by the first performance of the school year by the Crack Drill Squad. Passes will end at midnight Saturday.

A service will be at 10 a.m., Sunday, Oct. 23 in Armstrong Chapel for the 90th Corps and parents and friends. At 11:30 a.m., the 90th Corps will pass-in-review on Perkins Field.

Cadets will be permitted to spend the rest of the day with their parents. Passes will end at

7 p.m. and study hall will begin shortly thereafter.

Col. Keith G. Duckers, Superintendent, said that because of activities involving the entire Corps, requests for weekend leaves, special furlough or absences from campus will be denied.

Cadet attendance is required at the Homecoming dance, the Saturday luncheon and for the march to the Community Theater.

Cadets will not be permitted to stay overnight at the motel or hotel of their parents and may drive cars only if accompanied by a parent or an adult approved by the parent.

Furlough Dates Set

The dates for the three furloughs during the school year have been set.

Thanksgiving vacation will begin following the last scheduled event on Nov. 18. The charter bus to Denver will leave at 4 p.m. arriving in Denver at 10 p.m., mountain time. Furlough will end at 7:30 p.m., Sunday, Nov. 27.

The Christmas furlough will begin after classes Dec. 21 and will end at 7:30 p.m., Tuesday, Jan. 3.

Spring vacation will begin following the last event on March 11 and will end 7:30 p.m., March 19.

90th Corps Is Largest In Recent School History

The 1977-78 school year at St. John's Military School began with 40 more Cadets in the 90th Corps than were in the 89th. Cadet Corp opening day enrollment was 185 with the number of students enrolled currently approaching 200.

The Cadets hail from 18 states, Puerto Rico and Venezuela.

Returning students found new fire safety equipment, new doors, ceilings and floor tile and completely renovated bathrooms, in Griswold and Sage Halls.

A few new faces greeted the Cadets. Lt. Col. Jim Rose is the assistant to the commandant and the Senior Army instructor, replacing Maj. Andrew Tucker, who retired and moved to North Carolina. Lt. Larry Mattison is the new football coach and athletic director replacing Capt. Paul Kellogg jr. who resigned to accept a teaching position in Alabama. Mrs. Anita Berg is teaching mathematics for two months while Lt. Dale Pierson completes work for his Master's degree.

Found in the 90th Corps are six sets of brothers. They are Dan and Scott Martin, Ian and Gordon Snider, Ariel and Arnaldo Anaya, Mike and Todd Clift, Brad and Martin Hopper and Kevin and Tony Lemos.

Two students have brothers who are SJMS graduates -- Mark Bassett and Gary Santillanes.

One student is the grandson of the Late Lt. Col. A.Y. Hardy, a staff officer and recruiter for the School. The Hardy sabre carried by the Battalion Commander as the symbol of command, was given in Colonel Hardy's memory.

Evaluation Process Begins For Accrediting Agencies

The "every seven years" evaluation of the education program at St. John's Military School by the North Central Association and the Independent Schools Association is underway again this year.

Subcommittees for the evaluation under the direction of Maj. Paul Sommers, Evaluation chairman, began work at the beginning of the school year. A team of 15 administrators and teachers will visit the school April 4-7, 1978.

Areas to be evaluated for the Independent Schools Association will be the Religion program, admissions policy and procedure, organizational development, military program design, and Lower School learning experiences in English, mathematics, science, social studies, reading and physical fitness.

Evaluation areas for the North Central association will be staff and administration, guidance and other student personnel services, instructional media services, auxiliary services such as health, food, clerical and transportation, campus physical facilities and Upper School learning experiences including all the academic courses.

Areas to be combined for both associations are social setting of the school, purposes and objectives, education and pluralism, organizational climate,

educational program design, student activities, school improvement plan and the organizational structure of the school.

Heading the team for ISACS will be David Fierke, academic dean, Wayland Academy, Beaver Dam, Wis., and for the NCA, Robert Frazier, principal, Bishop Miege High School, Shawnee Mission, Kansas.

Each committee will study an area and write a report which will be printed before the visiting team arrives. Involved on the committees are all members of the staff and faculty and members of the Board of Trustees.

Can You Unlock The Doors To Success?

In that time of long ago and far away, some forgotten tyrant cast a young man into the local dungeon for a minor violation of the law.

The unfortunate young man spent many years surrounded by the four walls of his cell. His only contact with the world outside was a mute guard. Each day, the guard shoved a plate of food through the cell door's iron grill and disappeared.

So the prisoner lived, existed in a waste of many years . . .

One day, more furious than ever at the injustice of his sentence, he decided to escape.

Slowly, he crept beside the cell door and peaked out. The corridor was empty — not a guard in sight. He leaned against the door to see farther down the corridor. Without warning, the door squeaked open!

He look out in every direction. Still no sign of a guard.

He walked, ran, stumbled toward the big iron gate that led to liberty.

It too was open . . . He was free!

But how many years had he lost just because he *thought* the door to his dungeon was locked?

How many years can be lost because one thinks a door is locked?

How many dungeons does one create with imaginary walls as solid as stone?

A lifetime can be lost by a number of dungeons without walls.

But what are the stones and mortar that construct the factitious dungeons of imprisonment?

There are many forms of imprisonment:

- Reliance on drinks and drugs to dull or to stimulate the senses.
- Lack of education which reduces appreciation for art and music, literature and understanding, and decreases economic opportunity.

- Worn out traditions that force such beliefs as "It was good enough for my father so it's good enough for me."

- Political ignorance which opens the way for demagogues and dictators.

- Prejudices and half truths that lead to the prisons of distrust, fear, and hate.

- Belief in superstitions, good luck charms, and astrological forecasts that either force or oppose action on any given situation.

- Desire for great wealth that reduces one to slavery and denies even the simple pleasures of life.

- Fear of the new that actually made great thinkers of the past proclaim, "If man was meant to fly, he would have been born with wings."

- Doubt of a power higher than mankind and terror of the grave.

These and similar dungeons are created in the mind to imprison the human spirit.

"Stone walls may not a prison make, nor iron bars cage . . ." but human beings themselves produce their own variety of dungeons.

If only they could find the door that would set them free. For there is a door and it can be opened.

Fire Damages Griswold Hall; Band Master Louis Dies

The flag at St. John's Military School flew at half-staff, Wednesday, Sept. 28, a mute but poignant tribute to St. Maj. Eugene Richard Louis.

Sgt. Maj. Louis collapsed and died Tuesday afternoon, Sept. 27, during a fire at Griswold Hall, minutes after ensuring that no Cadets remained in the smoke-filled building.

Military rites for Sgt. Maj. Louis, 47, Chapman, were held Sept. 30 at the Main Post Chapel at Ft. Riley. Six Cadets served as the pall bearers and the Cadet Color Guard posted the Colors.

Attending the service and acting as an honor guard at the Ft. Riley cemetery were members of "B" company and the Cadet Band. Sgt. Maj. Louis was the bandmaster and the tactical officer for "B" company.

Col. Keith G. Duckers, Superintendent, gave the chain of events on that Tuesday afternoon.

About 1 p.m., heat from apparently defective wiring touched off a fire between the first story ceiling and second story floor at the center of Griswold Hall.

Griswold Hall was built in 1904, abutting 90-year old Vail Hall, the School's main administration building. Sage Hall was added to the north end in 1952.

Fire began to spread above the false ceiling, which had been lowered about a foot some 25 years ago and again several feet—ironically, as part of a fire-protection program—last summer.

It quickly triggered smoke alarms and automatic fire-door closing devices, also added over the Summer in a \$60,000 plus remodeling program that included the firesafe ceiling tile, fire-resistant paint, emergency lighting systems and heavy fire-retarding doors on each dormitory room.

The improvements, Col. Duck-

ers said, were suggested after an inspection by the state fire marshal last Spring. He credited them with preventing major structural damage, possibly destruction, in the entire hall.

Alarms sounded simultaneously throughout the School and at fire and police headquarters a mile to the south.

Col. Duckers said that in one minute, 54 seconds, all Cadets had executed fire drill procedures.

In the momentary confusion outside, however, it was thought that one Cadet whose room is in the fire area was missing (he was not; the boy was in class in another building). Lt. Col. Paul Kelloggs, Commandant; Sgt. Maj. Louis and F/Sgt. Bill Bunting re-entered the hall and began a room-to-room search.

They groped their way to the heart of the fire area and entered the Cadet's room, but quickly were driven back by dense, choking smoke.

Moments after the three emerged, the retired Army veteran collapsed.

Colonel Duckers said his first concern had been for Col. Kellogg: "He was coughing very hard. Then the next thing I knew, there was Louis starting to collapse."

The School nurse, Mrs. Lena Baldridge and her assistant, Mrs. Sue Holmes went to the fallen sergeant's aid. Firemen had arrived in the meantime and immediately put their respirator to use while an ambulance was dispatched. But the efforts were in vain and he was dead on arrival at Asbury Hospital.

Doctors there determined he had died of aspiration—a drawing of vomitus into the lungs, blocking air passages and pro-

ducing death similar to drowning.

Back at the School, firemen struggled about two hours to contain the fire and—more difficult—to determine its location and spread within the building's walls and ceilings.

A newly acquired piece of equipment for the Salina Fire Department, an infrared detector that pinpoints "Hot spots", finally steered the firefighters to the flames themselves.

Only eight dormitory rooms seemed to have been touched by the fire itself, although smoke and water damage was extensive throughout the hall. And even in the eight rooms, the flames were capricious.

Workmen were on the scene the next morning, tearing away burned materials and repairing the damage.

Cadets living in the hall inventoried their personal possessions to determine damage.

Kansas Wesleyan, Marymount College, St. Francis Boys Home and other institutions and individuals had offered to help house the Cadets, Col. Duckers said with appreciation, "but to get the boys settled down, we moved them to the Hilton Inn overnight."

Most of the Cadets are resettled in their own rooms. Only those who lived in the core area of the fire have been moved to other available rooms.

Col. Duckers said Sgt. Maj. Louis, who assumed duties as the School's bandmaster only last Spring, "will be a very difficult man to replace. In his short time here, he was building one of the best bands we've ever had. And he should get all the credit for that."

A memorial service for Sgt. Maj. Louis was held on campus, Thursday morning, Sept. 29 in Armstrong Memorial Chapel.

Cadets Stop Bulldogs In An 8-0 Win, Sept. 23

St. John's Military School, behind a third quarter touchdown burst by running-back Scott Furlong, handed the Bennington Bulldogs an 8-0 Eisenhower West football loss here Friday night, Sept. 23.

Furlong's touchdown, a sweep around the right side, was set up by a key defensive stand by the Muleskinners' defense. With just over six minutes remaining in the third period, Bennington faced fourth and shortage from its own 29-yard line. The Bulldogs elected to go for the first down but the Muleskinners held. One play later the Cadets were on the scoreboard with a 6-0 lead when Furlong ran 30 yards to score.

The conversion came on an Eric Pederson to Jim Severson pass making the score 8-0, midway through the third quarter.

Bennington opened the game with a strong offense, driving to the St. John's 20-yard line before Furlong, this time in a defensive role, intercepted a pass to thwart the Bulldog drive.

Another Bennington High attempt at a scoring drive

failed in the third quarter when the Skinners picked up a fumble on their own 29.

Head coach Larry Mattison was pleased with the way his St. John's club played in the second half. "Our kids came out and really wanted to hit someone in that second half," he said.

Mattison was concerned with the excessive amount of penalties as his charges forfeited 131 yards on 16 penalties.

Furlong led all rushers with 75 yards on 11 carries.

Miltonvale Pirates Defeat Cadets In Opener, 12-0

The Pirates of Miltonvale handed the St. John's Cadets a 12-0 football loss at Miltonvale, Friday, Sept. 16. Miltonvale scored on two first half touchdown runs by Howie Larson in the Eisenhower League West opener for both teams.

Miltonvale dominated the offensive statistics with 135 yards rushing and 60 yards on three pass completions and 12 first downs.

The Cadets, playing their first game, gained 46 yards rushing and 52 yards on three pass completions for 98 yards total offense and seven first downs.

Cadet head coach Larry Mattison was displeased with the play of his defensive unit in the first half but noted that they came back, to bottle up the Pirates in the second half.

Lunch Guidelines Set

St. John's Military School participates in the National School Lunch Program. All students are encouraged to enjoy this nutritious lunch each school day. St. John's also participates in the School Breakfast and Extra Milk Programs.

To safeguard their health, students from families whose income at or below the levels shown on the income guideline scale are eligible for meals at no charge or at the reduced price of 20¢ for lunch and 10¢ for breakfast. If your school participates in the Special Milk Program, students who are eligible for free meals are also eligible for one free one-half pint of milk in addition to the milk served with meals.

If your income is greater than those shown but you have unusually high medical bills, shelter cost in excess of 30 percent of your income, special education expenses due to the mental or physical condition of a child, disaster or casualty losses, your children may still be eligible when dollar value of hardship is subtracted from your gross income.

In certain cases foster children are also eligible for these benefits. If you have foster children living with you and wish to apply for such meals for them, please notify us or indicate it on the application.

All students are treated the same regardless of ability to pay. In the operation of child nutrition programs, no student will be discriminated against because of his race, sex, color, or natural origin.

If your income changes due to unemployment or if there is a change in your family size, please contact the determining official for your school who is Nina E. Livingston, Bursar.

To apply for free meals and free milk or reduced priced meals for your children, at any time during the year, complete the attached application and return it to the School. The same eligibility for free and reduced price meals applies to breakfast and lunch in those schools which participate in both programs.

Within 10 days of receiving your application, the school will notify you whether your children are eligible according to the information provided. If you do not agree with the school's decision, you may wish to discuss it with the school official. If you wish to review the decision further, you have a right to a fair hearing. This can be done by calling or writing: Mrs. John H. Fonck, Administrative Assistant, St. John's Military School, Salina, Kansas 67401 - phone 913-823-3875.
