Vol. LXIV

No. 4

February 1979

Wiley T. Banes Gym Dedicated Feb. 11

Dedication ceremonies for the Wiley T. Banes Gymnasium were held Sunday afternoon, Feb. 11, on the SJMS campus.

Ceremonies marking the opening of the structure were attended by 400 parents, Cadets, staff and friends of the School.

The \$225,000 metal building with brick trim has seating for 500 spectators and houses most of St. John's indoor sports program. It is connected by a ramp with the locker room, wrestling room and weight room complex completed several years ago. A \$150,000 fund drive and additional donations from the Muleskinner Club and other friends of the school financed the project.

City, Chamber, construction and School officials participated in the ceremony. The Blessing was given by the Rt. Rev. William Davidson, Episcopal Bishop of Western Kansas and Chairman of the St. John's Board of Trustees.

Gives Portrait

SJMS alumnus Tom Banes, Albuquerque, N.M., son of the late Wiley T. Banes, donated a painting of his father, who was a president of the SJMS Foundation. The portrait will be hung near the entrance of the Banes gym.

Participating in the ribbon cutting ceremonies were Salina Mayor, Jack Weisgerber; Chamber of Commerce President, Ed Boyce and SJMS President, Keith G. Duckers.

The master of ceremonies was the Rev. Tom Chesterman, SJMS Chaplain, who also gave the invocation.

Participating in the presentation of the building to the school were Marvin Webb, President of the SJMS Foundation; Jack Vanier, SJMS

"old boy" and Fund Drive chairman; Dale Nelson, Architect, and Bill Baxter, Construction Supervisor for Busboom and Rauh Construction company.

Making remarks about the use of the building were Bob Kastner, Chairman, SJMS executive committee; Lt. Col. Kenneth Faerber, Academic Dean; Lt. Larry Mattison, Athletic Director; Lt. Col. Paul Kellogg, Commandant, and Lt. Col. Jeff Turner, Cadet Battalion Commander.

Accepts Building

President Duckers accepted the building and the Banes portrait for the School. The benediction was given by Bishop Davidson. The SJMS band provided the music and played the National Anthem. The Colors were presented by the Cadet Color Guard.

Following the ceremonies, the various uses of the new complex were demonstrated in Cadet intra-mural basketball games, fencing exhibitions, wrestling matches, and demonstrations in the weight room.

The Varsity vs. Faculty basketball game concluded the afternoon's activities.

Tea and refreshments were served by SJMS Faculty wives.

Final work on the gym was completed the day before the ceremonies. Delays in the installation of the basketball goals and the synthetic floor put the completion of the building about a month behind schedule.

The bleachers were placed in the building Saturday afternoon and evening before the dedication.

St. John's School To Rise From Its Ashes

... After November Fire

Vail and Griswold Halls are coming down. The two structures are now in the process of being razed.

Useful materials such as lumber and lockers are being removed and other fire damaged debris is being hauled to the dump. The razing operation has been slowed by heavy snows and extremely low temperatures in Kansas this winter.

The buildings will be knocked down and the site cleared.

A \$1.9 million reconstruction proposal for the two burned out buildings was unveiled at a quarterly meeting of the School Board of Trustees in late January, according to Col. Keith G. Duckers, President.

The concept, about \$700,000 more than the School's property insurance settlement, required some trimming. The Insurance committee of the School's Board of Trustees negotiated a \$1,225,767 settlement for a major portion of the building loss in a Nov. 6 blaze which swept through 91-year old Vail Hall and adjoining Griswold Hall. The cause of the fire has not been determined.

New Academic Center

A new one-story academic center will be located on the site of burned-out Vail Hall. Ferris Hall and the Clem Library will be renovated for student rooms. Those classrooms will be moved into the new academic center. The buildings will retain the same names.

Representatives of Wilson and Company Engineers and Architects came up with the \$1.9 million concept based on findings of an educational consultant from Nebraska who visited the St. John's campus in January to assess its academic programs and needs.

The academic center will house classrooms for language arts, business, mathematics and science programs, a library and media center. An arts and crafts area and an industrial arts area will be attached to the maintenance building, which will be relocated. Also to be housed in the building will be the academic and administrative offices.

Plans call for a music department, with "little theater" type seating for 250. The original plans provided for a separate building for administrative, development and admissions offices to be located north of the president's home on the circle drive at the school.

Trimmed from the program were remodeling of Spencer Cadet Center and a \$45,000 Cadet Officer-NCO club addition to Sage Hall. Architect engineering fees are estimated at \$97,000 and contingencies of \$126,900. Craig Roberts, Wilson and Company partner, said some of the contingency money could be used to purchase moveable furnishings and equipment.

KU Honors 3 Cadets

Three SJMS Cadets were named Kansas Honor students by the University of Kansas Alumni association at a banquet at the Salina Country Club, Feb. 7. They were Eric Pederson, Jeff Turner and Ian Snider.

To qualify for the honor, each student must rank in the top ten percent of his class. Accompanying the Cadets was Maj. Paul Sommers, Guidance Counselor.

Each senior representative in all the high schools in Saline and Ottawa County received a hand-lettered certificate of merit and an American Heritage Dictionary.

Among the students from other local schools being honored were representatives from the SJMS staff family. They were Diane Graham, daughter of Mrs. Bill Graham, Academic secretary, and Mr. Graham; Scott Rose, son of former Senior Army Instructor, Lt. Col. Jim Rose and Mrs. Rose; and Sarah Duckers, daughter of Col. Keith Duckers, School President, and Mrs. Duckers.

of the two buildings is being made to determine the amount of settlement to replace equipment and supplies. Contents and income loss will be paid in addition to the building loss.

The blaze that swept through Vail and Griswold Halls destroyed several academic classrooms, all administrative offices and a large portion of the Upper School barracks.

The buildings are to be razed and cleared by May 1. Plans are being made to have groundbreaking ceremonies at Commencement according to President Duckers.

Ready by Fall of '80

Colonel Duckers said the School wants to occupy a new academic building in August, 1980. Roberts said that in order to meet that time-table, plans and specifications should go out to bidders May 1. The contract should be awarded no later than June 1. Roberts reminded the board that construction inflation has risen faster than the general economy inflation in the last seven years.

Ward Cooper, Wilson and Company, is the project architect on the new building with John Smutz, chief architect.

All Beds Occupied

Space is available for 166 Cadets at SJMS. Lt. Col. Paul H. Kellogg, Commandant/Vice president for Development, reported that all rooms were filled Feb. 15.

All the Cadets have returned to housing on the campus. A group of 24 boys had lived at Wilson Hall on the Kansas Wesleyan campus following the Nov. 6 fire.

The Board of Trustees in a special executive committee meeting in early January approved the proposal to unite the corps on one campus.

Lockers and bunks were added in the commons area of Mize Hall. Lockers and bunks were added in 16 rooms in Sage Hall. Members of the faculty and staff and the Cadets felt the crowded conditions would be better than the dual standard created by having Cadets housed across town.

Transportation to and from KW created problems. Cadets living at Wilson Hall had no place to rest or study while on the SJ Campus during the academic school day.

The Wiley T. Banes Gymnasium

BLESSING THE Wiley T. Banes Gym during dedication ceremonies was the Rt. Rev. William Davidson, Bishop of the Diocese of Western Kansas and Chairman of the St. John's Board of Trustees. Carrying his staff was Cadet Rick Anderson.

SAI Resigns

Lt. Col. Jim Rose, Senior Army instructor, resigned in January to accept a similar position at a public school in Lubbock, Tex. He left SJMS in mid-February. The non-commissioned officers in the ROTC program are conducting the military classes.

To err is human . . . and usually lots of fun.

January Outings Offer Cadet Musicians Varied Activities Honored

Several activities were offered to Cadets on weekends in January and the first weekend of February. The activities were provided as a substitute for the usual Winter Carnival according to Maj. Paul Sommers, Guidance Counselor.

The carnival was not held this year because the new gymnasium was not completed.

Each Cadet was given a choice of going bowling, skating, swimming or attending a movie. Sponsoring the activities held on four different days were members of the faculty, staff and SJMS Ladies Club.

The most popular activities were the movies and skating.

St. John's Military School was recently honored when two of its Cadets were named to "All-American" honors according to information received by Lt. Carl Bock, Band Director. The bandsmen are George Miklos, a senior, and Douglas Johnston, a junior.

The "All-American" Hall of Fame band award is made annually by the Purdue University Band to recognize superior and outstanding musicianship and service in high school bands throughout the United States.
