The Chaplain's Corner

A Symbol of Easter

Symbols make our life much richer and the Easter egg is a symbol of Christianity that is universal. In pagan times the egg represented the rebirth of the earth but with the advent of Christianity the symbolism of the egg changed to represent, not nature's rebirth, but the rebirth of man. Christians likened the egg symbol to the tomb from which Christ rose. Through the years many legends tell of the miraculous coloring of the eggs and many heads of state have had exotic crafted eggs made for them.

The symbol still remains of the risen Lord and the beginning of a new life. With Easter at Springtime we have a re-emphasizing of the new life - something that is beautiful to behold. This is a time for change from the old ways to the new and an opportunity to begin once more along a path directed by our Lord's teaching and His examples. We have much to learn from Him and through His Gospel we can be a part of a New Beginning.

"Almighty and everlasting God, who in the Paschal mystery established the new covenant of reconciliation: Grant that all who have been reborn into the fellowship of Christ's Body may show forth in their lives what they profess by their faith; through Jesus Christ our Lord, who lives and reigns with you and the Holy Spirit, one God, for ever and ever." Amen.

God Bless you,
Fr. Norm †
