Vol. LXVIII

No. 1

October 1982

Freedom Tree To Be Planted

A Freedom Tree, in memory of Maj. Dennis G. Pugh, a victim of the Vietnam conflict, will be planted and dedicated on the St. John's Military School campus at 9 a.m., Saturday, Oct. 30.

Speaking at the ceremony will be Congressman Pat Roberts of the First Kansas District. A special guest will be Major Pugh's father, Cloyd Pugh of Salina.

Pugh, a Salinan, was missing in action since March 19, 1970, and was declared killed in action on Jan. 28, 1982. He was honored in special ceremonies on the grounds of the Kansas Statehouse in Topeka this summer at a re-dedication of Freedom Trees, originally dedicated in 1973.

Representatives of the U.S. Air Force presented Major Pugh's family with an American Flag and medals to which he was entitled. These items along with other memorabilia from Major Pugh's life, have been given to the School by his father.

A special display of these items has been established in the library of the Vanier Academic Center.

A 1967 graduate of the Air Force Academy, Pugh participated in cross country and track. He received his undergraduate degree in international relations and management and went on to the University of California, Los Angeles, to earn his master's degree in quantitative methods. He was a distinguished graduate in under graduate navigator training and was assigned to the 343th Tactical Fighter Squadron at George AFB, Calif., for combat crew training prior to his Southeast Asian assignment.

Parents Weekend Held

Parents Weekend was designed to permit parents and guardians to spend a maximum amount of time with the Cadets. The weekend was observed Oct. 9-10.

Col. Keith G. Duckers, School President, said, "In years past, we have scheduled many activities including dances, football games, etc. Many parents commented that they had too little time to spend with their Cadet. So this year we are trying to limit the scheduled activities to the Foundation luncheon, Sunday morning religious service parade, and aeronautical exhibitions."

Events for the weekend included parent-teacher conferences from 8 to 11:30 a.m., Saturday, Oct. 9; the Foundation luncheon at 12 noon in Nichols Dining Hall and other parent-teacher conferences from 1-3 p.m., Oct. 9.

Sunday activities were a Chapel service at 10 a.m. in Arm-

strong Memorial Chapel followed by a pass-in-review on Perkins Field at 11 a.m. A parachute jump was held at 11:30 a.m.

An activity held during the weekend emphasized the flight program available at St. John's. Maj. Scott Haviland, quartermaster, is in charge of the program and explained that last year several Cadets obtained their private pilot's license by enrolling in night classes conducted on campus.

The Chaplain's Corner

Christian and/or Secular

Many times we hear people say why should we have church related schools? The youngsters who attend them say, "I don't need Christian education," or "Why do I have to take religion?"

The Right Rev. John Hines, our former Presiding Bishop, once said, "The schools are a missionary arm of the church . . . they are called to be instruments for transforming and redeeming the world into which they are set." The Bishop spoke with the knowledge and vision of the tragedies of the modern world. He also could see the continuous responsibility of the Church to spread the Gospel of Christ.

We live in an age of little or no faith. This is an age of human drama where war, injustice, poverty and the age old question of whether each of us can live peacefully with each other become daily issues.

Technology has not solved these problems. In fact, some technologies have complicated these issues and caused them to be issues of several generations. Educational study, particularly Christian education, has always in some way addressed these issues and continues to speak to them.

The Rev. John Paul Carter, the former Executive Secretary of the National Association of Episcopal Schools, wrote recently that, "Our Episcopal Colleges and schools are a treasure gleaned from the history and conscience of the Church, of the laity and the clergy who founded them and have struggled for them to this day. Their value has been monumental in the past. Their potential for the future is far greater, if the Church would only realize it and commit itself concretely to them by missionary strategy and policy."

As Christians know, it is important to the growth of a youngster to have the knowledge of God and to have the opportunity to know the Gospel of Jesus Christ. If there is no Christian direction in the home and the child is in a secular school, certain Christian aspects of his relationships with others can be lacking for life. All children should be exposed to the rediments of Christianity, they are similar, if not identical, to all of the major religions with respect to the concepts of living with each other. Youngsters should have a knowledge of Christian morals and ethics and understand how to arrive at moral and ethical decisions with respect to the deepest problems in our society from abortion and drug abuse to nuclear war.

It must be realized, of course, that all these social problems cannot be solved within the secondary school system and for that matter within the Christian atmosphere of a Church related school. However, if certain basic concepts of Christian living can be developed, taught and lived it will be possible to give many more people a reason for living and a reason for loving their neighbor and themselves.

God bless you all.

. . . Fr. Norm†

Dear Parent:

The school which your child attends participates in the Special Milk Program and serves milk every school day. Students may purchase milk for:

Included in tuition total

Students from families whose income is at or below the level shown on the income guidelines scale are eligible for free milk. All students are treated the same regardless of ability to pay. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or handicap.

To apply for free milk at any time during the year, complete the attached application and return it to the school. You are required to provide:

- (1) the name and Social Security number of all adult household members and the name and age of all members under 21 (adults without a Social Security number must indicate they do not have one);
- (2) total household income (see explanation below);
- (3) the signature of an adult household member.

An incomplete application cannot be approved. If information is missing, your child will be denied milk benefits. The information reported may be checked by the school or other officials at any time during the year.

If your child is approved for milk benefits, you must tell the school when your household income increases by more than \$50 per month (\$600 per year) or when your household size decreases. If you are not eligible now, you may wish to apply later if your household income decreases or your family size increases.

The following information is provided to assist you when completing the application.

- * **TOTAL HOUSEHOLD INCOME** — Report current income based on last month's income. Attach an explanation if last month's income is not a good indicator due to unemployment or other causes.
- Persons with steady monthly income should multiply by twelve the income received last month to figure current annual income.
- Persons with fluctuating monthly income (seasonal and temporary workers, farmers, and self-employed persons) should estimate income for the current year (12 months starting from last month). Self-employed persons should report net income (i.e. total income less business expenses).
- * **FOSTER CHILDREN** — A foster child is considered a one-member family if the welfare agency is legally responsible for the child. Welfare payments for the child's care are considered the child's income.

Within 10 days of receiving your complete application, a school official will notify you whether or not your children are eligible. If you do not agree with the school's decision on your application, you may wish to discuss it with the school official. If you wish to review the decision further, you have a right to a fair hearing. This can be done by calling or writing.

Cadets Fall, 12-6

A blocked field goal attempt with just six seconds left in the game gave St. John's of Beloit a victory over the Cadets Sept. 17 on Perkins Field. Paul Kohler of Beloit picked up the ball and raced 36 yards to score the game winning tally.

His run came after the Cadets attempted a 51-yard field goal with 15 seconds left in the game and the score tied 6-6.

The loss put a damper on the season opener for the Cadets, but SJMS head coach Kelly Rudolph was still pleased with his team's overall performance.

"I'm very proud of these guys. It was basically a moral victory," Rudolph said. "I feel we outplayed them."

The game was a defensive struggle from the very beginning. The two teams combined to record only eight first downs and 197 yards of total offense. St. John's took a 6-0 lead in the first quarter on a razzle-dazzle play. Quarterback Dan Martin handed off to David Brockhaus on an end-around and Brockhaus then fired a 23-yard pass to Tom Keil for a touchdown with two minutes left in the opening period. The two-point conversion run failed.

It was 6-0 game at halftime before the visiting Bluejays got on the score board in the third quarter on a 20-yard pass from Dave Stover to David Lackey at 4:53 mark. The PAT kick failed.

The Cadets had a golden opportunity to take the lead with eight minutes remaining in the game when Martin intercepted a Bluejay pass and returned it to the SJB eight-yard line. But four running plays failed to get the ball into the end zone.

The Bluejays drove from the one-yard line to their own 25 before the Cadets took over on its own 17-yard line after the punt. The Cadets drove to the Bluejay 34 in 11 plays before attempting the field goal.

SJ-Beloit coach Brian Ludwig praised the Cadets' effort. "That's as good a Military team as I've seen in Salina since I've been here," he said.

Indian Pageant Attended By Cadets at Medicine Lodge

The Indian Peace Treaty pageant and celebration at Medicine Lodge was attended by several Cadets, Oct. 2-3.

The celebration commemorates the signing of the Treaty of Medicine Lodge in 1867 between the U.S. government and five tribes of Plains Indians--Apache, Arapaho, Cheyenne, Comanche and Kiowa.

The Cadets marched in the parade down Main street at 10 a.m., Saturday, Oct. 2.

Following the parade, the Cadets attended the colorful Indian Peace Treaty Pageant. The Pageant, presented by the people of the community, presents the signing of the Treaty and unfolds the story of the plains, the coming of Coronado and the settlement of the West.

The pageant is performed in a large natural amphitheatre situated a mile east of Medicine Lodge.

In the evening, the Cadets attended a barbeque, street dance, stage shows, Indian dances and a staged gunfight.

The group camped for the night in a church basement in Medicine Lodge.

Before returning to the campus at 4:30, Sunday, Oct. 3, the Cadets were given a special guided tour of Old Ft. Larned near Larned, Ks.
