Freedom Tree Honors An "American Hero"

The memory of Maj. Dennis G. Pugh, who was declared killed in action Jan. 28, 1982, will live on in the form of a freedom tree, which was dedicated at 2 p.m., Saturday, Oct. 30 on the St. John's Military School campus.

The School, with pomp and military crispness, assembled to pay tribute to an American hero on a bright Indian summer afternoon.

The tree, a sweet gum, is planted west of the Vanier Academic Center, and is marked by a plaque bearing Pugh's name, date of birth, the date he was listed as missing, and the most recent date when he was officially declared killed in the Vietnam conflict.

Taking part in the ceremony was Rep. Pat Roberts, First District Congressman. He discussed the importance of being vigilant against the erosion and loss of our American freedoms.

"Although Dennis Pugh was with us only briefly, his memory, his bravery, his example will live on in perpetuity at St. John's Military School," said Col. Keith G. Duckers, President, who labeled Pugh an "American hero" for his "supreme sacrifice."

A New Tradition

The freedom tree memorial will mark a new tradition at the School: All new Cadets, as they pass the tree, will be required to salute.

"You will be saluting an ideal, and not just a man" Pugh's brother, Dale, told the Cadets. Dale is a graduate of the U.S. Naval Academy, Annapolis, Md., a Marine Corps veteran, and now an agent for the Federal Bureau of Investigation.

Pugh was most recently memorialized in a freedom tree dedication in Topeka, but the event at St. John's was judged the most meaningful by Dale Pugh.

Travel Service Available

A new service for transportation to and from Salina has been started this year. Reservations for travel will be made by the Commandant's office through a local travel agency.

Col. Keith G. Duckers, School President, said that considerable savings can be made as reservations will be made well in advance and can be changed if required by the agency.

Reservations can be made by Amtrak, plane or bus, including the charter bus. The charter bus is used only for Thanksgiving, Christmas and Spring furloughs.

Patrons who wish to utilize this service will be billed directly by the travel agency. Money is not sent to the School.

"This particular honor at St. John's in Dennis' hometown, is especially important and of much greater significance to me," Pugh said.

Dennis Pugh grew up in Salina and was a 1967 graduate of the U.S. Air Force Academy. He received a master's degree from the University of California at Los Angeles and then trained as a navigator.

As a member of the 434th Tactical Fighter Squadron, he was returning from a mission over North Vietnam when the plane was shot down over Laos.

Taps

The St. John's ceremony concluded with playing of "Taps" and a reading by the School's Commandant, Lt. Col. Paul H. Kellogg, on the history of the famous bugle call.

The Colors were lowered to half-staff for the remainder of the day.

Pugh's father, Cloyd, has donated his son's medals and other memorabilia which are displayed in a special room in the School library. He also donated books on military history that belonged to both his sons, as well as a \$1,000 gift to be used for purchases of a military nature.

The Cadet buglers were Thomas Bollig, Richard Martin and Robert Schawo. The invocation was given by the Rev. Norman Nicholls, SJMS Chaplain, and the benediction by the Rt. Rev. John F. Ashby, Episcopal Bishop, Diocese of Western Kansas.

Dr. Harold Smith, School music instructor, sang the musical selection "Trees".

R. Martin Earns Industrial Award

Richard Martin was named the Outstanding Industrial Arts student at SJMS by Emporia State University.

He was presented the certificate by the chairman of the Industrial Education Department of ESU when the Cadets visited the school Nov. 17.

Lt. Jim Lohmeyer, Industrial Arts teacher, said, "Richard continues to strive for excellence in academics as well as wood-working skills. He has been on the Honor Roll numerous times. His other activities include membership in the Crack Squad; captain of the Rifle team, president of the National Honor Society and Key Club, and Cadet Bandmaster."

A NEW CEREMONY

The freedom tree memorial starts a new tradition at the School. All new boys, as they pass the tree, will be required to salute. Paying proper respects is Cadet Michael Coryell.

A Time For Harvest

At this time of year we think of the harvest and filling up the storehouses for the coming winter. In many cases what we are doing is storing seeds, i.e., the wheat for bread, the corn for feed and scores of other products, soy beans for a mirade of uses, sunflower seeds, almonds, etc. Seeds are such powerful objects. They are strange and wonderful things. Some were found in King Tut's tomb. After lying in the dry darkness for three or four thousand years, they were planted and behold: Wheat and corn and beautiful flowers appeared.

The imagery of seeds is powerful in the Bible. They are used to explain, among other things, the Kingdom of God, the Word of God and the Resurrection. Seeds are an image or symbol that all could understand because the people were familiar with growing things.

We should be aware of the power of seeds especially in this day and age. These are unique and awesome times. We are living in a time of history that has no comparison. In these times seeds become even more powerful. Good seeds need to be planted now; ideas need to be given birth.

As we approach Thanksgiving, consider the good seeds that our Lord planted in principals for living and let us harvest those in our lives. We also need to be seed people. We need to plant good seed that will mature and bring forth a harvest of good ideas and ideals. This is a challenge we all must accept in this complicated world of ours.

God bless you in this Holiday Season,

... Fr. Norm†
