Overnight Trip To State Capital Set For Squad

Plans for a television appearance in Topeka, a visit with the governor, a tour of Capper Publications, and trip to the top of the Statehouse were announced this week.

The T-V appearance will be on Hal McWilliams' "Community Spotlight" over station WIBW-TV on April 11. The squad will perform for about eight minutes and various staff officers and cadets will be interviewed to round out the 15-minute show.

The squad will spend the night in Topeka visiting various points of interest the next day. Tentative plans call for an audience with the Hon. Fred Hall, governor of Kansas. Also on the agenda is a trip to the top of the capitol building and a tour of Capper Publications, one of the largest publishers in the mid-west.

The Kansas Historical mu-

Distributors Imprisoned In "S" Club Game Room

What's it like to be locked up when you haven't committed a crime?

Ask the two Dr. Pepper employees who were accidentally locked in the B-floor game room last week.

When they entered the room to refill the pop machines, they inadvertently left the padlock hanging on the door. An alert "S" Club member saw the unlocked entrance and promptly locked the door on his way to class.

After some 30 minutes of trying to find a solution to their problem without success, the employees were rescued by a Skirmisher reporter out looking for a story.

Just goes to show that "news is where you find it".

seum will also be visited by the cadets.

This will be the squad's second appearance on the Topeka television station. Last year the squad drilled on a sport show over WIBW-TV.

Washington Trip Schedule Set

Group From St. John's Will Tour East for Week

Instead of counting the days until furlough starts many of the upper classmen are counting the days until the Washington trip. The trip, starting March 26 through April 1, is a class excursion sponsored by the Baltimore and Ohio Railroad. The Cadets going will have conducted tours of Washington, D. C., Mt. Vernon, Annapolis, Williamsburg, and Jamestown.

Signed to make the trip are 23 seniors, juniors and sophomores. Since it is an educational trip the Cadets will be responsible only for the tests that they miss. This week-long tour is taken in lieu of the traditional "Senior Sneak."

Those signed to go are John McMurray, Jim Claycomb, Earle Fox, Dean Hargrove, Dave Harris, Larry Rice, Grant Torbit, John Wilson, Roger Bigler, George Race, Don Pelkey, Rod Ellison, Bud Webber, Darryl Seybert, Herb Soukup, Don Noble, Carl Rylander, Hugh Parkinson, Mike Wherritt, Bruce Cuddeback, Neil Murphy, Fred Schram and Dan Keating. Capt. Keith Duckers will accompany the group.

The trip is now closed to underclassmen but any seniors who find they can go after furlough, may be able to get in at the last minute.

Some of the highlights of the trip will be the tour through Mt. Vernon, the tour through the United States Naval Academy at Annapolis, Md., a luncheon in the Senate dining room where the Cadets will meet Senators Carlson and Schoeppel from Kansas, a conducted tour through the Norfolk Naval Base and a tour aboard a naval vessel, the night that the Cadets will see Cinerama, two overnight rides on a steamship on the Potomac River and Chesapeake Bay; both the Lincoln Memorial and the Washington Monument; the tour through the White House; the visit to the Smithsonian Institute; and the Changing of the Guard at the Tomb of the Unknown Soldier.

Crack Platoon Plans To Enter Regional Competition

The St. John's Crack Drill Platoon, under the command of Lt. Larry Rice, will begin spring practice after spring furlough.

Although no drills have been scheduled yet, many are planned.

The Platoon is planning to compete in the Civil Air Patrol Regional Drill Competition which will probably be held this year at Fort Snelling, Minneapolis, Minn.

The National Drill Competition will be held at Wright-Patterson Field in Dayton, Ohio. The Regional champion will qualify to enter the National which will be held in August.

Last year's platoon won the Regional at Omaha and participated in the National at Fort Snelling.

Furlough Starts Saturday

IT'S A BOY...

Todd's Parents Of Baby Boy

Newest boy in the Junior School and wearing a different type of "uniform" is James Dale Todd, who became a part of that school on Sunday, March 6. Young Todd made his initial appearance at St. John's Hospital here in Salina weighing eight pounds, nine ounces.

Parents of the "New Boy" are Capt. and Mrs. John Todd. Misses Jacqueline and Johnetta Todd will be on hand to welcome their baby brother when he moves into the Todd quarters in the Junior School this weekend.

Captain Todd will be young James' chief orderly.

Five Flying Cadets To Get Private Licenses

Five St. John's cadets expect to receive their private pilot licenses sometime this spring. They are Roger Bigler, Larry Rice, Don Pelkey, Don Noble, and Darryl Seybert.

Requirements for the license are that the student must have flown at least 15-hours dual flight and 25-hours solo flight including five hours dual cross-country and 10 hours solo cross-country. Also the student must have passed a medical examination and a written test given by the CAA. Afterwards he must be given a check flight by a CAA official. The minimum age for the license is 17.

The cadets enjoy cross-country flights most because not only can they "get out of school awhile," but also see the country. Although most of the flights are to neighboring towns some flights are made out of state.

12,000 Fans Watch Cadets Perform At K.S. - C.U. Game

The St. John's Crack Drill Squad under the command of Cadet Major Roger Bigler, made one of their most outstanding performances of the year when they demonstrated their triple cadence Zouave Drill before more than 12,000 people in the Ahearn Fieldhouse on the Campus of Kansas State College, Saturday night, Feb. 26.

The occasion was the Kansas State-Colorado University basketball game.

The cadets, drilling during the halftime festivities of the game, were presented to the audience with a fanfare by the K-State band just after the announcement of the drill by the public address announcer.

The Squad was allowed only eight minutes, yet made up for the lack of time by exhibiting a perfect precision drill which was acknowledged by the ovation of the huge audience.

During the drill Maj. R. L. Guernsey was interviewed over the Kansas State College Sports Network which broadcast the game all over the mid-west.

Eight-Day Leave For All Cadets

School To Be Closed During Entire Furlough

The annual Spring Furlough gets underway at 11:16 a.m., Saturday, March 12.

Cadets will be granted leaves from St. John's from that time until 7:00 p.m., Sunday, March 20.

Maj. R. L. Guernsey, Commandant, has announced a new school policy regarding furloughs. No cadets will be allowed to remain at the school during the eight-day furlough, he said.

"When cadets remain at the school during the furlough time it is necessary that faculty officers assume responsibility for these cadets," the Commandant said. "This imposes a problem that can only be solved by establishing a new policy whereby the school will remain closed to all cadet personnel during the furlough period."

Most staff officers plan to take vacations during the furlough week, Guernsey pointed out.

Cadets traveling to points beyond St. Louis to the east and farther than Denver to the west will be allowed to leave after midnight Friday. Special early departure time is granted these cadets in order to make train connections so they will arrive home at approximately the same time as students living nearer Salina.

Many cadets who live too far from Salina to make going home at this time practical, plan to spend the furlough with boys living in nearby states.

Cadets remaining in Salina during the furlough will stay at the local Y.M.C.A.

King

Todd

Capt. John Todd Resigns Will Complete Current Year

Capt. Richard King Named New Jr. School Director

The resignation of the Director of the Junior division of St. John's Military school effective June 1, was announced last week by Col. R. L. Clem, Rector of the school.

Capt. John Todd will vacate his position as Junior School Director at the close of the current school year, Colonel Clem said.

The Rector said that Capt. Richard King, Junior School instructor, has been appointed to fill the position Todd is vacating.

Reason for Todd's resignation was given as lack of adequate on-campus housing for his growing family. Faculty officers at St. John's are required to live on campus in quarters provided by the school. Only two-bedroom apartments are

available and the Todd's now have three children.

Captain Todd joined the St. John's faculty in 1950 as an instructor in the Junior School. After serving one year in this capacity he was promoted to the directorship of the lower division upon the resignation of Capt. Joe Cleavinger in 1951.

Todd is a graduate of Sterling College where he received a B. S. degree in history. He has not yet announced where he plans to work when he leaves St. John's, but has indicated that he hopes to remain in the Salina area.

Mrs. Todd is the former Florence Shaffer of Ottawa. The Todd's children are Jacqueline, 4, Johnetta, 2, and James, one week.

Captain King returned to the St. John's Junior School staff last fall after serving two years in the Army. He previously had taught for a year and a half at the military school prior to entering the service.

King, a 1951 Kansas Wesleyan University graduate, is married to the former Dorothy Henning of Glasco. They have one son, Mike, 1.

HANDLE MAIL DUTIES

Cadet Sgt. Kirk Maslin was assigned to duty as Mail Orderly on Thursday, March 4. Assisting him is Cadet Charles Moore. Maslin and Moore are responsible for the passing out of the mail at every noon mess.

BUSY SCHEDULE

A number of important activities are slated for the remainder of the school year following Spring Furlough. Here are a few of the activities on the school calendar:

- 21 Mar. Classes resume 0815.
- 26 Mar. 1 Apr. Washington trip.
- 4 Apr. Panel appears before Topeka Kiwanis Club.
- 5 Apr. Panel appears before Abilene Kiwanis Club.
- 8 Apr. Good Friday.
- 10 Apr. Easter Sunday.
- 11 Apr. Crack Squad appears on WIBW-TV, Topeka.
- 12 Apr. Crack Squad will visit points of interest in Topeka, Audience with Governor Hall.
Audience with Governor Hall.
- 16 Apr. Lettermen's Dinner.
- 19 Apr. Panel appears before Salina Kiwanis Club.
- 25 Apr. Panel appears before Salina Rotary Club.
- 8 May Mother's Day.
- 21-22 May Commencement weekend.

Besides the above dates already scheduled, there will be several baseball games, the district baseball tournament, a Crack Squad appearance on KTVH, Hutchinson, possible TV appearances for the Squad in Wichita and Great Bend, as well as several tentative personal appearances by the Crack Platoon and Squad.

With the busy schedule coming up, time will pass quickly and Commencement will arrive all too soon. Remember, in spite of a stepped-up extra-curricular schedule, classes will continue and those cadets participating in the many activities will still be held responsible for their classroom work.

Don't bite off more than you can chew!

Faculty, As Well As Cadets,
Look Forward To Furlough

With the coming of Spring Furlough a tang of excitement and anticipation is running through the school. Cadets are counting the days and hours and the smokers are filled with talk of plans for the coming week and tales of past furloughs.

A fact that is sometimes not recognized, though, is that the faculty have a holiday also.

Upon interviewing most of the faculty it was found that quite a few of them are just going to take it easy. As Capt. Richard King put it, "sleep most of the time and get up every once in a while to eat."

Some of the faculty are planning visiting relatives and friends out of town. Colonel and Mrs. Clem are planning to drive to Arkansas to visit his parents. Capt. "Lefty" Loy is going to visit both his folks and his wife's with a little fishing in between, weather permitting. Colonel and Mrs. Hardy are taking a little jaunt to Denver to visit friends.

Capt. Keith Duckers plans to spend a week vacationing on the Gulf.

Mrs. Tait would like to take a short trip to Texas with her husband but she's afraid they won't be able to make it as Mr. Tait will probably be busy

on the new novel he's writing. Mr. Tait published a book last year entitled, "Fighting Wagons to Santa Fe."

Not all of the faculty are planning on resting. Lt. McCandless says he has a lot of work to do on his correspondence course in education and Lt. Nuss has quite a few things around the house that need fixing.

Crack Squad To Appear
On Hutchinson KTVH

The Crack Drill Squad has been invited to present a 15-minute television appearance on Helen Gard's show on station KTVH in Hutchinson in April.

Exact date for the show was not available at Skirmisher press time.

Moore Heads
J. S. Honor Roll

Three Junior School Cadets have been named to the Rector's Honor Roll and ten others have received Honorable Mention for their grade standings during the last grading period.

Cadet Jerry Moore heads the list with an average of 95.7 for the month. Other cadets with above ninety averages were Stanley Baldwin and Robert Pester.

Receiving honorable mention for an average of between eighty-five and ninety were Douglas Foote, Al Palmer, Allen Bass, Michael Bird, Gary Metzger, R. A. Bloxson, Scotty Peddie, John Maultsby, Jimmy Miller, and Joe Jennings.

Browning Receives
West Point Bid;
Takes Exams

Cadet Capt. Dale Browning, Pueblo, Colo., has received an alternate nomination to West Point, from J. Edgar Cheno-

weth, U. S. Representative from Colorado.

Browning reported to Fort Leavenworth, Kansas, with more than 150 other candidates for the West Point examinations on Feb. 27.

Browning was met at the train station and driven to the Fort where he found that he wouldn't be missing any military life. Lights went out at ten o'clock sharp and at five the next morning "Sarge" rolled them out of bed in plenty of time to clean the barracks and police the area before mess. The candidates were allowed to eat anywhere on the post although most of them ate at the Officers' Mess.

The first part of the medical tests were started the same day he arrived followed by a general orientation. Tuesday, the second day, the tests and exercises got into full swing. First came the West Point Aptitude and Medical and Physical tests. The third and fourth days were spent taking a

seemingly endless amount of physical and mental tests.

Besides the extensive training program, Browning says that they found a little time to make use of the fine recreational facilities on the post. There were bowling alleys, a swimming pool, and nightly movies at very reasonable prices. The P.X. was also at disposal for any personal necessities. A dance was given one evening for the candidates with young WAC's for dates.

Results of the test will not be revealed until May.

Trainer's Supplies Used To Heal Multitude of Cadets Aches and Pains

Most people have undoubtedly heard of the tremendous quantities of trainer's supplies that are used by college and professional athletic departments.

St. John's, of course, doesn't compare with big schools in its consumption of these supplies but even so, quite a bit is used. For instance, 10,800 inches of tape have been wrapped around sprained ankles, and sore muscles.

At the same time, five pounds of analgesic balm (Liniment) has been rubbed into aching muscles of St. John's athletes.

One pint of antiseptic has been applied to sterilize open cuts, while injuries on a smaller scale have been covered by 150 band aids.

The Cadets have also used one gallon of tough-skin, which does just what the name implies, toughens the skin. This is usually applied to the feet or to skin before tape is used.

These figures include only the sports of football and basketball. Baseball and track, will also take their share of the trainer's supplies during the spring months.

Cadets Drop Final Cage Game

St. John's Defeated In District Tourney

St. John's lost to Clay Center by a score of 29-53, in the first game of the district class "A" basketball tournament.

The Cadets, with starting center Dale Browning out of action, trailed all the way in a contest which was evenly fought from the floor.

St. John's, plagued by their usual poor free throw average, had only fifteen percent completion from the charity stripe, while Clay Center scored a scorching seventy-five percent. Clay Center hit fourteen field goals, twenty-five free-throws and committed fifteen fouls, while St. John's came through with thirteen field goals, three free throws and eighteen fouls.

High scorer for the Cadets was Hugh Parkinson with 13 and second high was Al Ransom with 9.

This was the last basketball game that seniors John McMurray, Dale Browning, George Race, Stu Miller, and Herb Soukup will play for St. John's.

The Sporting Thing

By Bill Preston

Weight lifting, a sport which is seldom heard of in high school, has become quite popular among cadets at St. John's.

Those engaged in this activity are Rod Ellison, Dale Browning, Hugh Parkinson, David Smith, Robert Blethen, Ken Cummings, Tom Sweigert, John Benne, Mike Leewright, Bud Webber, George Race, Joe Stanberry, Lee Hales, Al Ransom and Jim Ledgerwood.

With basketball season over, I want to congratulate the seniors on helping the team to three wins and thank them in behalf of the whole school for their good sportsmanship and fair play throughout the season.

If all this year's basketball playing underclassmen return next year, the team will have two of this season's starting six and several other good "B" stringers. Ransom's hook shots, Parkinson's set shots, and Lee's far out shooting, coupled with Cummings, Menegay, Masline, Bristow, and Keating, should round out a versatile, good working team. I want to be the first to wish them all the luck in the world and hope that they finish next season with a good place in the league.

There have been certain rumors floating around the school to the affect that Lt. Jack McCandless is working on a plan to get some mats as a start for a future Cadet wrestling team. This sport would no doubt be welcomed by many cadets and would help to round out the athletic program.

A check with Lt. McCandless revealed that the mats are due to arrive soon. Do you suppose we can come up with a "Gorgeous George", a "Wild Red Berry"?

All Cadets Required To Participate In Spring Sports

All Cadets without physical disabilities will be required to go out for either baseball or track following furlough, Col. R. L. Clem, has announced.

Baseball Season Starts March 21

In the spring time a young man's fancy turns toward thoughts of baseball. At least that is the hope of St. John's baseball coach, Capt. V. B. "Lefty" Loy.

Coach Loy said that the diamond men would begin their first practice on Monday, March 21, the first day after spring furlough.

Six lettermen are expected back from last year's squad. They are Tom Sweigart, John McMurray, Stu Miller, Al Ransom, Larry Rice, and Bud Webber.

The coach said that the baseball games were played on a free-lance basis, due to unstable weather conditions and therefore no schedule can be announced. Games will be scheduled on days when the weather is suitable, he said.

Bacon Heads Honor Roll

Nine Upper School Cadets have been named to the Rector's Honor Roll and seven others have received Honorable Mention for their scholastic achievements during the past grading period.

Heading the honor roll with a monthly average of 95.3 was Cadet Roger Bacon. Other cadets with an above 90 average are Dean Hargrove, Whit Masten, Roger Bigler, Robert Blethen, Edward Stone, Dale Browning, Larry Rice, and Charles Moore.

Receiving honorable mention for an average of between 85 and 90 were Tom Garrett, Paul Stappenback, Al Ransom, Kirk Maslin, Bruce Cuddeback, Don Pelkey, and Bill Preston.

team is Capt. V. B. "Lefty" Loy, while Captains J. D. Elmborg and R. K. Hower, will coach the cadet tracksters. Coach Elmborg will instruct the varsity team and Coach Hower will take over the second stringers.

All cadets who have to be excused due to physical disabilities will report to the Commandant for excuses. This change will eliminate the need for a physical education class and should increase the competition for spring sports.

Preston Selected As Outstanding "New Boy" of March

The SKIRMISHER staff reached into its own membership this month to come up with Bill Preston as March's outstanding "New Boy."

Bill, an 18-year-old from Denver, is taking a post-graduate course here this year in

BILL PRESTON

preparation for entering Colorado A. and M. next September. He plans to study forestry in college.

Capt. J. D. Elmborg, Director of Athletics, gave a good example of Bill's conscientiousness by pointing out that never before had he had either a Cadet or faculty member as dependable in keeping the scorebook at basketball games.

"After showing Bill what I wanted done at the first game I never had to worry about it for the rest of the season," Elmborg said.

Another example of Bill's

CHAPEL

By George Merritt

In this issue of the Chapel column, I would like first to talk about Lent.

Lent is a penitential season of forty days, commemorating our Lord's Fast and Temptation in the wilderness, and preparing us for Easter by special devotions and discipline.

In the story of the Prodigal Son we can learn a great deal about the lessons of Lent, repentance and forgiveness. The prodigal son made about all the mistakes a man could make, yet he eventually disciplined himself to the extent that he became humble and asked his Father for forgiveness. When we ask our Heavenly Father for forgiveness, He is ready and glad to receive us again even though we may have disappointed Him in many ways.

During the season of Lent we should ask ourselves, would Jesus and His blessed Mother, venture to these places of iniquity, would they take part in these particular worldly pleasures? Then let us also remember that we along with the Saints of God, have God to glorify, and Jesus to imitate this day and every day eternally.

dependability is the good job he has done as business manager of the "Sound Off", school yearbook, and as sports editor of the SKIRMISHER. Congratulations, Bill!

School Shield First Appeared in 1930 Each Part Has Special Significance

Nearly every Cadet wears the "Old Boy" shield, but few Cadets can tell you what it stands for. The school crest is something that is taken for granted while it is not fully understood.

The crest appeared for the first time on the St. John's 1930-31 catalogue. The school seal was worked out by Colonel Perkins, who was then superintendent at St. John's.

Below is its interpretation:

Crest:—On a wreath of red and blue, an eagle with extended wings resting on a rifle and unsheathed saber.

Shield:—Orange and black with gold chevron and three fleurs-de-lis.

Motto:—Scientia-Virtus-Disciplina (Learning-Vigor-Courtesy).

Description of Crest:—The eagle is fearless, possesses far vision, is resourceful, and is resting in an attitude of protection. The rifle and saber are emblematic of the defense of our state and institutions. The wreath has been taken from

the Coat of Arms of the State of Kansas.

Description of Shield:—A gold chevron and three fleurs-de-lis surmount a field of black and burnt orange (the approved school colors) which indicate religious and scholastic activities. The fleurs-de-lis taken from the shield of the first bishop of England, symbolizes the three bishops of Salina who have been in charge of the school; also that St. John's school has furnished soldiers to the federal government for five campaigns — Spanish-American war, Mexican Border, World War I, World War II, and Korea.

The Crest is painted on the Skirmisher banner at the top of the front page.

Governor Hall Invited To Address Cadet Corps At Commencement

Cadet Lt. Dean Hargrove, Sound Off editor, and Capt. Keith G. Duckers, P.I.O., took the final copy for the yearbook to Topeka to the printers this week.

While in Topeka Captain Duckers and Lt. Hargrove called on Governor Fred Hall to invite him to speak at the school's 68th Commencement exercises, May 22.

The Kansas chief executive said that he would take the invitation under consideration and accept if his schedule would permit.

If Hall accepts the invitation to address the graduating class, he will be the first Kansas governor to visit St. John's since Senator Frank Carlson spoke at the school when he was governor in the late 1940's.

Howard Memorial Established In Library

A Roger Howard Memorial section in the St. John's library has been established according to Mrs. H. E. Nuss, librarian.

The 56 volume section includes "The Yale University Chronicles of America". These history texts were termed "among the finest sources of information concerning American History," by Col. R. L. Clem, instructor in history.

The section was given to the school by the family and friends of Roger Howard, class of '47, who lost his life in a typhoon in Japan last September.

Several other fine history texts are also included in the section.

INTRA-MURAL CAPTAINS of the Army, Navy, Marine and Air Force service teams have been chosen by Capt. J. D. Elmborg, Director of Athletics. Team captains pictured here are (from left) George Race, Stu Miller, John McMurray and Dale Browning. The Corps of Cadets has been divided into the four service teams and will participate in various intra-mural sporting events throughout the remainder of the year. In progress the past week has been the tournament between the various squads.

Rifle Team Set For Matches

The St. John's Rifle Team, under the direction of Col. A. Y. Hardy, has begun practice for the coming rifle matches this spring.

The thirteen cadets who are trying out for the six-man team are Stuart Miller, Whit Maston, John Benne, Larry Rice, George Race, Tom Sweigart, Dave Harris, Don Pelkey, Dave Schmitz, Jerry Lutton, Colby Johnson, Tom Mathers, and Steve James.

"The team has been practicing for less than a month", says Col. Hardy, "yet has made rapid improvement. I expect to win our share of the coming matches."

Already one match has been booked for April 23. It is the Annual High School Rifle Competition sponsored by the Army R.O.T.C., at the University of Wichita.

The team will fire the regulation course consisting of 10 shots on each of four positions, prone, standing, sitting, and kneeling.

Many Wood Projects Are Being Built In Shop Course

Among the projects built in the school shop, quite a few articles are made and used in the Cadet rooms. The Cadets who are taking shop, build the articles as part of their class work.

Here are some of the things the Cadets have made and are using in their rooms: Gail Eilebrecht is using a bed with a headboard and a bed stand that he made; Earle Fox has a bed stand, a bookcase, and coffee table; Tom Mathers has made a ladder that he uses to get into his top bunk; Neil Murphy, a bed stand; Ron Neely, a what-not shelf; George Merritt, a book stand;

Bruce Cuddeback has built a book and magazine rack, a foot stool, and a what-not shelf; Jon Morrison a lamp; Tom Simms, a bookstand; John Benne, a bookstand and a lamp.

Other Cadets have projects underway that are expected to be finished soon.
