On May 25

Charles F. W. Seitz will be honored during graduation exercises at which 22 St. John's seniors and 24 eighth grade Cadets will receive their diplomas.

Charles Seitz operated the Seitz Drug Store in Salina for more than 55 years. During that time he served 30 years on the St. John's Board of Trustees.

He is a member of the Salina Rotary Club, has been affiliated with the Masonic Bodies for more than 50 years, attaining the honor of being a 33 degree Mason, and is a member of the Episcopal Church.

Work Begins On New Lab For Science

Construction has begun on the new science laboratory at St. John's.

Busboom and Rauh construction company of Salina was the low bidder on the second floor addition to the Ferris building with a bid of \$22,375. This does not include equipment for the building.

Construction started the first week in May and is expected to be completed well in advance of the opening of the fall term of school.

Money has not yet been raised for equipping the building according to Col. R. L. Clem, Rector of St. John's. However, Colonel Clem pointed out that a fund raising campaign late in 1958 is planned for the purpose of raising money for science laboratory equipment.

Cadets Help Celebrate Centennial

Salina climaxed 100 years of history with a thrilling week long centennial celebration May 5-10, that featured three parades and six nights of pageants.

The St. John's Cadets were featured in many different ways during the week.

The Crack Squad was on the opening day's program, performing before Lt. Gov. Joe Henkle and other dignitaries. The Crack Platoon preceded the Corps of Cadets in the first of three parades during the week as an estimated 50,000 spectators watched. Hundreds of other units made the parade the biggest and most spectacular in Salina's history.

The Platoon also marched in two other parades.

Ten members of the Cadet Corps participated each night in the "Wagons to Wings" pageant at the Salina High School stadium. The Cadets made up a firing squad honoring the World War I dead.

Several Cadets sold centennial programs with the Key Club, National Honor Society and the Librarian's Club getting a commission on the selling of these programs.

S J Foundation Will Held Spring Meeting

Members of the St. John's Foundation will get together for lunch and their annual spring meeting on Saturday noon, May 24, at the Lamer Hotel, H. Coors Kugeler, Sr., president of the Foundation, has announced.

The 22 graduating seniors have been invited to attend the luncheon as guests of the Foundation, Kugeler said.

The Foundation is an organization of alumni, parents of Cadets and friends of St. John's which promotes the welfare of the school in various ways.

Officers for next year will be elected at the spring meeting.

All parents, St. John's alumni and friends of the school are urged to attend the luncheon meeting. The meeting will adjourn in time for the military field activities at the school.

Variety of Jobs in Store for Cadets

By Al Palmer
As soon as the Battalion is dismissed on Commencement day most of the Cadets at St. John's will begin to think seriously about their summer plans.
Most seniors plan to take it easy for a short time before

An Editorial—

CHARLES SEITZ
This Commencement we are honoring one of the first students ever to enter St. John's. Perhaps it would be more accurate to say he is honoring us by permitting us to use him as the personification of those qualities any good school would be proud to find in her graduates. All too often young people think of success as something brilliant or spectacular. Their is little of that in Mr. Seitz' career. But there is a great deal that any young man could appropriate from this long life to make his own life more meaningful. One most estimable attribute of Charles Seitz is his sense of loyalty. He is loyal to his school, to his church, and to his community. St. John's School, the Episcopal Church and the City of Salina are the richer for his association with them. He left a part of himself in each of them and he became the bigger because of devotion

Marc Young, 162 and Ronnie Hardin, 168.

The fifteen Cadets qualifying as Sharpshooters with a score of 180-199 were John Benne, 185; John Carson, 187; Bing Davidson, 181; Mike Ekiss, 193; Dick Firth, 180; Don George, 195; Joe Jennings, 194; Ted Jones, 180; Jim Lindquist, 190; Grant Mattson, 181; Gary Peyton, 180; Dean Radcliffe, 185;

joining the service or planning for college. Some of the underclassmen will find jobs or plan vacations away from home. Others will simply stay at home and take life easy.
Bob Pester is going to work on the Pierson Ranch near Valentine, Neb. After the harvest-

to them.
Another of his qualities is his sense of duty. No one ever had to go in search of him when he had a job to do. He was there attending to the work at hand and no diversion became an excuse for absence. Just ask the Salina Rotary Club about this point.

Mr. Seitz always sees the best in the other fellow. I doubt if anyone ever heard him say anything that could bring harm or shame to any acquaintance. His respect for the feelings and personality of his associates was an outstanding characteristic—made more obvious, no doubt, because it is a quality seen all to seldom in people.

I doubt if Charles F. W. Seitz will rate many lines in Who's Who but he does rate the admiration of all who know him. What more can anyone say than that.
