THIRD DANCE OF SEASON A SUCCESS

The most successful by far of all the school dances this season was given by the Cadets on Monday, Feb. 20th. Through the efforts of Lieut. Caldwell, Lieut. Jeannin, and Sergt. Morrow the school Gym was decorated for the occasion with St. John's pennants and banners and Black and Gold streamers. Of course a huge orange moon was hung in the center. From eight-thirty until nine the steady stream of ladies flowed into the gym. The old building coming under the spell of captivating fairer sex, took on a gayer and brighter aspect. The performance started with a Grand March which was led by Lieut. Caldwell and Miss Briggs. Ted Haines Jazz Band furnished the music, and the program of fast and hot foxtrots was interspersed with dreamy waltzes throughout the evening. There were two favor dances, in one the ladies drawing for partners and in the other the Cadts drawing. Punch was served throughout the dance.

The Cadets were honored with the presence of Mrs. Barker, mother of Capt. John Barker and Mrs. Perkins who acted as official chaperons of the party.

The Instructors and Cadets who attended were:

Colonel and Mrs. Perkins
Capt. John Barker, Mrs. Barker
Capt. McLean, Mrs. McLean
Capt. Poggeman, Miss Port
Capt. Crooks, Miss Bachtold
Lieut. Holmes, Miss Foil
Lieut. Kreipke, Miss White
Lieut. Caldwell, Miss Briggs

CHAPLAIN MARRIES

The Rev. Alfred Du Domaine, Chaplain and Instructor of history at St. John's Military School was married to Miss Anne Katherine Suhs at Gethsemane Episcopal Church, Minneapolis, Minn., Tuesday, Feb. 7th, at 9:00 a. m., by the Reverend Don Frank Fenn, in the presence of relatives and friends. Mrs. Du Domaine's home is Waupaca, Wis., where she was organist of St. Marks Church at which Chaplain Du Domaine was Rector for five years before coming to St. John's. Mrs. Du Domaine is a musician of some renown and was very active in musical, club and social circles in Waupaca.

The Cadet Corps and the Faculty wish to present their congratulations and to wish the couple many happy years of married life.

For the first time this year the rooms in the barracks are filled. Although there are men in each room there are still rooms which have only one cadet in them and which we hope will be filled before the year is over.

When Kipling wrote that famous poem, "Boots, Boots, Boots, Boots, Sluggin' up and down again," it is safe to say he was in a military school or else he knew a certain Captain intimately. Said Captain takes those boots wherever he goes even to bed, and it is said that he shines them thrice daily. He has even dropped all but one of his studies in order to have more time to admire them. I think that an appropriate nick-name would be "Boots" for said Captain if you know of whom I speak.

GLEE CLUB RESUMES WORK

The first meeting of the Glee Club was held in the music room under the capable direction of Captain Shideler last Monday. Many were the chords and dischords that permeated the atmosphere while they were in action. They spent an hour practicing on several songs. "Side By Side" and "My Blue Heaven" were very enthusiastically received and they could be heard as far as the Junior School. "When Day is Done" was sung so realistically that Smith went to bed and had to be aroused for Economics class. Many are the Carusos, McCormicks and whispering—but why so much razz. More power to the Glee Club and may they give many more such programs as were given at the Xmas party. We all wish them the best of luck and success.

It has been decided that there will be a credit given for the study of Glee Club and Orchestra which comes under the head of Music. The two will meet after school each day and have a period of forty-five minutes, more or less, for the much needed practice.

Captain Shideler has planned many things for the two this year one of them being that they will broadcast over the radio at some future date.

CHAPLAIN'S QUARTERS REMODELED

The Chaplain's quarters have been rearranged, painted and redecorated in preparation for the arrival of Mrs. Du Domaine. A radio set has been installed, and the Chaplain is now the proud possessor of one of the most attractive apartments in Vail Hall.

"So you're distantly related to him?"

"Well, our dog is their dog's brother."—Exchange.

STATE EXAMS ARE GIVEN

The man who invented those cute little printed exams. would surely have died a sudden and painful death if he could have been located by some of the St. John's cadets on that fateful day.

Yes, after days of apprehension, the state examinations finally came. And after due cautioning of everyone to read the rules carefully and to have about a ton of pencils and a few thousand erasers ready the fun began. And how short that time limit seemed. You'd be surprised.

The examinations were given in English, Algebra, Geometry, Physics, advanced American History, Latin, Science and Constitutional History. The results were somewhat surprising in some cases as some of the men who have been doing rather poor work scored high in the tests; and some of our rather bright students did rather poor in the same tests.

The men highest in each study were:

English, 8th grade—Wilkeson
English, 7th grade—Andrews
Freshman English—Constance
Sophomore English—Hays II
Junior English—Marvin
Senior English—Vidler
Algebra—Philips
Latin I—Myers J.
Latin II—Thamer
General Science—Gottschall
Const. Hist.—Gordon I
Advanced Am. Hist.—Thamer
Geometry—Gottschall

During the recent inclement weather, the usual daily drill period has been devoted to a series of lectures given by Colonel Perkins. The topics covered have been, interior and exterior guard duty, personal hygiene, insignia, courtesy and many other very interesting subjects. Also a short quiz was given and most of the cadets made a very creditable showing.

The rifles have been cleaned and polished until they look nothing like their former selves. Nowhere is there a flake of dust or a spot of dust to be seen. For is not the Federal Inspection drawing near? Each drill period has seen a squad of men with ram rods and oil cans faithfully skirmishing with old man dirt. When camp time arrives we hope to have all the equipment shining like new.

On Wednesday, February 18, the cadet Corps was honored by a visit of Captain Dilly, who started as an enlisted man twenty-four years ago, and who has come up through the ranks to his presnet state. Captain Dilly made a short but very interesting talk speaking of the value of a cadet's appearance, not only to himself but also to the school which he represents. His talk was in a forceful, straightforward manner that impressed the cadets very much. In closing Captain Dilly promised to visit the school again and give a travelogue of his visit to the Near East.

ISN'T IT STRANGE

Isn't it strange that other folks
Are never wise like you?
Isn't it strange that day by day,
They're wrong in all they do?
Isn't it strange that you should be
The only one who knows?
Isn't it strange that all the world
Is treading on your toes?
Isn't it strange that all that's strange
Should come from all but you?
Well, it would be strange, if so it was,
It's simply that you're "blue."

The old flag pole which has adorned the roof of the building for many years and which had developed a decided eastward slant, was removed amid much hammering and sawing last week. As a result the building presents a much neater appearance.

St. John's has entered its basketball team in the district tournament which will be held in the Memorial Hall Friday and Saturday of this week. There will be numerous teams entered in the tournament and they will be divided into three classes. Class "A," "B" and Class "C." Class "A" consists of the larger schools with a great number of students. They are: Salina, Abilene, Junction City, McPherson, Ellsworth, and Lindsborg. The "B" class teams, of which we are a member are those with a smaller number of students to pick from. A few of these teams are: Sacred Heart, Solomon, Kipp, Glendale and many others, many of which are very good teams and which we will have to fight hard to win. Class "C" is made up of the Junior high schools. Although our team has seen little success this year we hope to see all the cadets rooting for them when they carry the Orange and Black on the floor to victory.

Maybe you have noticed Captain John's boots and maybe you haven't, because he wears them only on very special occasions such as the Chaplain's return or something equally important, but he really has a brand new pair of shiney ones. They are the very latest hit in Generals footwear and since our captain is so fastidious he must have them. But it seems that Tietzel thought one of his legs much smaller than the other and therefore he had to be without them (the boots not the legs) for a short while during the repair period. But now that has been fixed up and he now has what is known as "Swank."

Miss Virginis White has been conducting a dancing class at the Guild House for the past few weeks, which is well attended by the cadets. Miss White is endeavoring to teach the boys how to dance and her success was well shown by the way the boys handled themselves at the last school dance.

Roberts (to supply sergeant)—Please give me a French Seventy-five; these larger rifles are too heavy for me. It may be of interest to know that the supply Sergeant, King, looked all during the drill period for one for himself.

A number of the cadets were fortunate enough to hear the talk which Captain Dilly gave at the National Guards. He spoke from seven-thirty to ten-thirty at the rate of about ninety miles an hour and he never rested a word. That is something that can be said of few speakers. In his talk he covered everything from Military Courtesy to field telephones, handling all subjects with equal dexterity.

Cadet Harvey Moe has again joined our ranks after an absence of several months. We hope him better and greater success this year than he attained last.

Just suppose that—

Pete Holmes grew a moustache.
Crooks and Frisbie lost those sweat shirts.

Guard mount went through without a mistake.

Captain John used a monocle.

The bugle corps got in tune.

Moe was six feet tall.

Nobody "Goldbricked."

Otto never had a date. (last name on request.)

Yeh, just suppose.

The first formal guard mounting was held last Wednesday. The Cadets in spite of their inexperience made a very creditable showing. This will be the daily routine for the new and old guards from this time on.

A formal parade was held last Thursday during the drill period, for instruction purposes. Boots and Sabers were in full vogue and the cadets made a very creditable showing.

Clerk: "Now this is a very appropriate greeting card—it says—To the only girl I love."

Kay-det—"Fine, I'll take a half dozen of them."

A lad at school failed in all his subjects. He wired his brother—"Failed in all prepare Papa."

His brother wired back: "Papa prepared, prepare yourself."

BRIGHT BARRACK BLABBINGS

By Verne Johnson

A bunch of gloomy eyed Cadets, bringing with them those portable victrolas, new records, all kinds of Christmas presents and several new boys, did a "slow motion act" from the depot to the institute, in order to start the last long stretch of school. Tha one from January 5th until May 28th.

They were greeted by several all-state scholastic tests. Upon finishing the tests who should arrive but a whooping tribe of five Osage boys from Oklahoma. Yip Ki Yi and "Dutch" Gordon sic'ed them on Capt. John, at drill one day. Capt. John, after a desperate struggle, managed to escape unscalped. As all of the chiefs stay at the Junior school, they have nick-named Jones K. "Minnehaha" or squaw maw.

New fads arose. One was that of all of the Junior school boys learning to play the bugle calls. It was rather confusing to hear Reveille, Retreat, Mess, Taps, Drill, etc. All being blown at the same time. After that Fad died down a new one started. It was to holler "Hey Hey Whoa" to every person or thing that happened by. This fad increased until strangers thought that we had taken up Cavalry work.

February 14th, Valentine's Day, found St. John's Military School converted into a post-office and Lieutenant Holmes, our official mail clerk, was sadly in need of an assistant and also a truck in order to haul the Val-

entines from the office to the dining room where they were absorbed by many lovelorn Cadets. The tears rolled down their cheeks and the boys turned to religion.

They formed a Church. The dignitaries of it were: Pope "Abe" Morrow; Pope Robert Crooks; Pope "Dutch" Gordon; Bishop "Pete" Holmes; Bishop "Felix" Kreipke; Dean "Blue" Caldwell; Jones K. and Keller, choir; "Scotch" Markley, organist and wine mixer; "Trinipap" Jeannin, Cannon; Ed Ripley, Deacon; "Bullen" Biggs, doorman, usher offering collector and bouncer; Gus Cozian, candle lighter; and "Ske" Prather, "Pee Wee" Johnson, altar boys. Oh! yes, the congregation was Hahn and the "Wrong Reverend" R. R. Mitchell. Services were held every second and third Tuesday of each week, between 3:00 a.m. and the Post Office. Everyone is cordially invited. (the first person arriving is offered as a sacrifice.) "Grump" Mitchell was excommunicated for "popping gum" and snoring during a Sermon on the "Moral Conduct of a Ford Car Without Gas." The Church broke, after a heated argument about who should pay the expenses of "Grump's" exile trip.

As we do not have a "Question and Answer" column in this paper and as it is very seldom that we are asked any questions; those few that are turned in will be answered in this column. A few days ago we received a very, very sad letter pleading with us for advice. It ran as follows:
Dear Editor:

I have tried everything from Lis-
terine to "Learn to dance in twenty
minutes" but I fail to gain my goal.

It happens that I am deeply infatuated with a certain red-headed girl, whom I know not. I am good looking, popular, seventeen and three-fourths years old, never drink coffee and I have read the Iliad and the Odyssey. The girl I speak of pays no attention to me. I have sent her ton after ton of candy, garden after garden of flowers, and have even winked at her on the street, when I saw her. What would you suggest?

Heart broken me,

(Name will not be mentioned)

Answer: Our advice is to make faces at her the next time you meet. If she does not pay any attention to you then; we suggest that you jump in a lake or else drink three table-spoonfuls of CV(NO 3)2.

(Hey, Hey, Whoa.)

EXHIBITION DRILL GIVEN

Mrs. Hanna, aunt of Cadet Captain Crooks, visited the school the other day and an exhibition drill was given in her honor. Mrs. Hanna had expressed a desire to see the Cadet Corps drill, and since she was unable to be here at the regular drill period, a special parade was given for her. Mrs. Hanna was very favorably impressed by the drill. She was introduced to all the Cadets following the exhibition and was a guest of the school at dinner.

Markley—You're too conceited about your beauty.

Bill—Why not at all. I don't think I'm half as good looking as I am.

TRACK

Track season will soon be with us again and the old school will again be facing her rivals of the cinder path. Fellows, this is the last crack that some of us will have at Salina and let's make it a good one. The chances this year are about even and the Team that works the hardest will win the meet. So let's everyone dig out the old Track Suit and get busy.

NEW BOYS

There are several new boys who have registered recently and who we are glad to welcome to the school. They are: Benson, of La Junta, Colorado; Lieurance, of Wichita, Kansas; Farris, of Dodge City, Kansas, and Roberts, of Denver, Colorado.

INDIANS GRADUALLY BECOMING CIVILIZED

Under the finding influence of our Alma Mater, the Tallchief Tribe, which was annexed to the Cadet Corps some time ago, are beginning to act civilized and human. Although they ride horses every afternoon, and yell ferociously while doing so, they no longer mob instructors or Cadets.

All kidding aside, though, the Tallchiefs, I to V inclusive, are behaving themselves fine and the school has every reason to be proud of their conduct.

Perhaps you have noted the future Earle Lockes, Nurmis, and Joey Rays out on the track diligently working every evening on the events that they are forced to train for so far ahead of the track season. Well, if you have or haven't they are out there every evening and are working very hard for the coming track season which will be here before we realize it.

This idea is certainly not a new one and therefore we are not surprised at these doings by our own would be track men. We hope that the men that are out now will continue to do so and that the other men interested in that sport will follow their example and do likewise.

We hope that the team will have all the success possible in the future and that we will come out with flying colors this year.

There have been a number of men on the sick list lately most of them in bed from the prevailing number of colds which are always in evidence at this time of the year. It has been noted, however, that the number has greatly decreased since the issuing of the order to the effect that the men who are on the sick list so as to interfere with their regular duties will be confined to the grounds for one week after their reporting back on duty.

The Cadet Corps and Faculty extend their sympathy and give their best wishes for the complete recovery of Colonel Ganssle who has been taken ill with whooping cough.

FROM THE K. U. NEWS BUREAU LAWRENCE, KANSAS

W. A. Dill, Director

In order to handle the relay events of the high schools over the state of Kansas in a more efficient manner and also to create more interest in the events, several changes have been made this year, according to Dr. F. C. Allen, director of athletics for the University of Kansas. The Annual Interscholastic Track Meet will be held at the University Friday, April 20, the day immediately preceding the regular Kansas Relays.

The high school relays will be run on the same basis as those events of the college this year. Although the boys who have been invited here in the past years as the guests of the University have not been intentionally neglected, their events have been run off too much in the manner of other high school meets. In the past their efforts have been somewhat shadowed by the big meet on the following day.

This year the field will be policed; the athletes kept in the sheds until the time comes for them to appear for the events in which they are entered; and the loud speaker will be put into operation so that the spectators may be constantly informed of the winners of the various events and of details in general. The contestants will be treated on the whole as though they were regular university athletes.

Another new feature of these events this year will be the use of student athletic activity tickets held by University students to admit, instead of the separate admission which has been charged in former years. By this means every effort will be made to have as many of the University students attend as possible to see their home town athletes compete. University students are also urged to look over the list of entries from their home town with the view toward entertaining them as well as giving them their loyal support on the field of competition. They are requested to make their home town athletes know that the University is glad they are present.

Much more interest is being evinced in the relays in general this year, because it is the Olympic year. Many records will probably be made by stars from all over the country who will represent the United States in the Olympic games. Not only will

the general public be interested, but also the young men who will come here in the competition for the high school events.

More than five hundred boys are expected from high schools all over the state to compete in the track events. These athletes will be entertained in the fraternity houses and homes of Lawrence people during their stay here.

The running off of high school events has been made possible through the co-operation of E. A. Thomas, executive secretary of the Kansas State High School Athletic Association, who has given his consent.

The schools will be divided, as in former years, into two divisions: Those schools having an enrollment of 150 or more in Class A and all with a smaller enrollment in Class B. Medals of gold, silver and bronze, engraved with the name of the event, the date awarded and where won, will be given the winners of each event. Silver and gold loving cups will be given to the team with the highest score, the individual having the high-

est score, and the winners of the half and mile relays. Special record cups will be given to the individuals or teams that make new records in the events.

New records were made last year in Class A only. The pole vault of 12 ft., 1 1/4 in., by Trueblood, of Lawrence, and the broad jump of 22 ft., 5 in., by Madison, of Hutchinson, were the new records set.

The highest individual score in Class A went to Madison, Hutchinson, with a total of 10 points and in Class B to Hockor, of Minneapolis, with 15 points. Each of these boys received

St. John's Military School was established in 1887 by the citizens of Salina, under the auspices of the Episcopal Church. It is a preparatory school for boys from 8 to 18 years of age. The capacity is one hundred and twenty boys, who are instructed and sponsored by a faculty of ten men. The course of study and text books are those adopted by the State Board of Education. About fifty percent. of the boys are from Kansas, the rest live in Colorado, Oklahoma, Wyoming, Montana, Missouri and Nebraska.

A modified military system is used as a means of developing neatness, obedience and self-reliance in the cadets. Athletics are offered for all of the boys. Time devoted to studies and recreations is supervised by competent instructors. The aim of St. John's is to develop well rounded men of character.
