ST. JOHN'S MILITARY SCHOOL, SALINA, KANSAS

Vol. IX.

NOVEMBER 30, 1925.

No. 3.

## ST. JOHN'S vs. ADA—SCORE 0 TO 0

It is not necessary to say that the game was a good one, fast and close. The score or rather lack of score tells that. Last season Ada defeated our team unmercifully and intended to do the same again this year. Although we didn't exactly take the visitors into camp we showed them that St. John's is no every day opponent.

Coach Small started the game with the entire second team. Not too much credit can be given to these, our next year's team.

Again and again they carried the ball down the field but lost it several yards from Ada's goal line.

The entire first team was run in with the exception of "Tiny" Shortt and Lieut. Jackson who were damaged respectively in the left foot and right eye.

This was not only the last game of the season but the last game of football many of the seniors will ever play for S. J. M. S.

## MAJOR FEIRO NEW COMMANDANT

Major Feiro, who has eagerly been expected by the cadet corps, arrived November seventh and assumed his duties as Commandant of St. John's.

This is not the first time Major Feiro has been connected with the school as he acted as athletic director in 1916 and 1917 and left here to enter the service in the late world war. Major Feiro has been connected with the army for a number of years both actively and in the reserve lists. He was stationed at various points over the country during the war of which a few are: Camp Dodge, Iowa; Camp Pike, Arkansas; Camp Jackson, South Carolina, and Washington, D. C.

Major Feiro and Mrs. Feiro are most welcome in the St. John's family both by the cadets and faculty.

Reformers are trying to subject us to the law of gravity.

## HARRY FUHRMAN VOTED MOST POPULAR CADET IN SCHOOL

The last vote which ended at noon Wednesday, November 25, brought to a close one of the most interesting

contests that the Skirmisher has ever staged. The contest as originally planned was for the purpose of selecting the most handsome cadet, but the Skirmisher Board found that the judging of such a contest was a very difficult matter, owing to the fact that the candidates would all be boys and that the judges would likewise be boys.

The suggestion that a vote be taken to determine the most popular student was unanimously accepted.

One of the big events connected with the affair was the making of the nominations on Nov. 10. Classes were shortened and the student body met in the study hall after the sixth period with a full half hour in which to select nominees. The nomination speeches in many cases more than did justice to the candidates. "Lemo's" gold tooth was polished and repolished in his introduction. Tiny's in-

## ST. JOHN'S RABBIT HUNT

Thanksgiving being over and the majority of the cadets being home over the week-end, the Colonel decided it would be a shame to make the boys that were left go to school. Since the weather was just right for rabbit shooting a rabbit hunt was suggested. Every one took part, faculty and cadets. Capt. Linger and Sergt. Fuhrman were chosen for Captains by the boys voting. Capt. Linger called his side the Ferrets and Sergt. Fuhrman called his side the Grey Hounds, although some thought Gophers would be a more suitable name as it is Fuhrman's own nickname. The Captains chose their own men, Capt. Linger winning the first choice by calling the flip of the coin. The boys who had guns were divided into equal groups so that the same number of guns would be on each side.

There were six instructors who were picked as Generals. Each side was divided into three groups with an instructor as general in charge of each. There were eight in each group. The generals on Capt. Linger's side were: Capt. John Barker, Major Feiro and Capt. Small; on Sergt. Fuhrman's side: Capt. McGrew, Col. Ganssle and Capt. Poggerman.

Many suggestions were given for the penalty of the losing side. Finally after much debating it was decided that the losing side, that is the side that got the least number of rabbits, were to lose their Sunday desert, which gave the winning side the desert.

Shotguns were rented at Carlson's and the D. & M. Sporting Goods stores, by the cadets.

A kitchen detail was chosen as the hunters expected to eat their lunch out at North Pole Mound, which was the hunting vicinity and the meeting place of the hunters when they were through shooting. Lieut. Crooks chose himself to drive the school

**THANKSGIVING DINNER**

"My turkey 'tis of thee,  
Sweet bird of Cranberry.  
I love thy neck and wings,  
Thy legs and other things;  
Of thee we sing—

Oh! Thanksgiving king."

One of the big feeds looked forward to by the cadets is the Thanksgiving dinner. This year under the very competent supervision of Hart, our efficient cook, a delicious banquet was prepared for those cadets who remained at St. John's over the holidays and the guests of Col. and Mrs. Ganssle.

A four course dinner was served at 1:30. The menu was extensive. Celery soup was the first course and then a magnificent turkey for each table was brought in and carved by the instructors who sat at the various tables. The turkey was accompanied by such fixings as potatoes, candied sweet potatoes, celery, cranberry sauce, olives, peach preserves and nuts. The desert course consisted of pumpkin and mince pie a-la-mode, and coffee was served after the meal.

The guests of the school were, Mrs. Aldrich of Topeka, Kansas, Clyde Shaffer of Casper, Wyoming, Miss Altman of Salina, Kansas, Dean and Mrs. Hoag with their guests, Mrs. Sherman and Miss Cooper.

**VISITORS**

Among those who visited school the last few days are:

Mrs. Jones, of Denver, Colorado.

Mrs. Buschow, of Wichita, Kansas.

Mr. Buchenau and Miss Buchenau of Abilene, Kansas.

Mrs. Aldrich, of Topeka, Kansas.

Colonel: Broch II, were you a good boy in church today?

Broch II.: Yes Sir, a man passed me a plate full of money and I said, "No thank you."

**CAPTAIN JOHN SPENDS ANOTHER WEEK-END IN TOPEKA**

We wonder why Captain John, in spite of the rain and snow, was in such a hurry to go to Topeka again? Of course he had to bring his car home, BUT, for some unknown reason, he seems to have spent most of his time at Bethany College. We all admit that Captain John's car is a very fine automobile, but this time it seems to have served as an excuse.

Nobody can say that the modern girl has no visible means of support.

**"BABES IN THE WOODS"**

It's three o'clock in the morning,  
we've walked the whole night through;  
And daylight soon will be coming,  
just one more mile or two.

This is the little ditty that Jones and Kinkel were saying on their way back from Brookville. They heard that some great man said that walking was a good exercise, so for further information pertaining to their course refer to Jones and Kinkel.

**THE AMERICAN IDOL—SPORT**

The United States spends over a billion dollars a year for athletics, more than is spent in all the other countries of the world combined. In return for this great expenditure, it has led the world in all sports at the Olympic Games.

Turning to the world series, the official figures of Commissioner Landis show that more than \$1,000,000 was taken in at the gates of the Washington and New York ball parks for the seven games.

America's next largest investment in sports comes in football. There are more than 300 college and university football teams and most of these teams played this year, the public paying millions on admission fees.

No baseball game was ever played before a crowd as large as that which saw Michigan and Illinois battle for gridiron supremacy in the new stadium at Urbana, Illinois, last October.

The vast sums taken in at football make the athletic wheel go round. The money taken in at the gate is used to defray the expenses of other sports. The public does not take to track and field games and they would be a financial burden if it were not for the money taken in at football games.

Besides football only one other school sport promises to become self supporting and that is basket ball. In recent years, basket ball has come into the public favor. Last year the crowds broke all records. If this increase continues, basket ball will soon be a money maker in schools.

Boxing, billiards, hockey, swimming, tennis and other sports draw millions of the public money. The exact amount will never be known, but the United States annually pays several billion to watch others play.

## ST. JOHN'S HOLDS JUNCTION CITY TO A TIE

### Cadets Score Two Touchdowns in Last Quarter

The St. John's football team, accompanied by several cadets, went to Junction City. The game was one of the most thrilling of the season.

The first quarter the cadets displayed a good fast brand of football, making their downs, but on account of fumbles failed to score.

The second quarter the Junction City team were "deemed" the victors by scoring a touchdown and kicking goal.

The third quarter they were still going strong and by punting and recovering the ball near the St. John's goal line, ran an end run for their second touchdown.

The fourth quarter the St. John's boys got the old fight back they had in the beginning of the game and by completing a thirty yard pass from Utterback to Roth and he in turn running twenty yards made the first touchdown. Utterback failed to kick goal, the ball striking the bar and going under.

Junction City received and battled their way to the thirty yard line, where Mourning intercepted a pass and ran seventy-five yards for another touchdown. St. John's kicked goal which evened the score.

The remaining few minutes of play both teams fought hard to score, but the game ended with St. John's in possession of the ball on their own thirty yard line. The score being 13 to 13.

The lineup was as follows:

Capt. Fuhrman, LE.

Jamison, LT.

Blunt, LG.

Meyer, C.

Newman, RG.

Shortt, G; RT.

Edgerton, RE.

Roth, QB.

Holmes, HB.

Mourning, HB.

Utterback, FB.

Substitutes:

Stotts for Mourning.

Linger for Holmes.

Mourning for Linger.

Blunt for Jamison.

## A VISITOR

Miss Aldrich of Topeka, spent several days recently visiting her nephew Horace, at St. John's. Horace's aunt is a person of much knowledge, having voyaged to Europe some fifteen times. In several of the classes that she attended she was asked to speak on her travels, which she did, much to the satisfaction of the students therein.

## OFFICERS TABLE

The custom in the mess hall has been to have a commissioned officer at each table. Since Major Feiro has arrived the officers have been seated at his table, forming an officers' mess. This plan enables the Major to discuss various problems that arise at mess time and eliminates the necessity of special meetings for the officers. The officers mess is honored by Mrs. Feiro, the Major and Master Bobby. The cadet officers are, Capt. Linger, Lieutenants Jamison, Cronin, Crooks, Utterback and Fuhrman.

## HORSES A. W. O. L.

Several times lately cadets have had to leave their cozy beds to help run in the horses. Now we all know that outside of a very few cases horses don't have a habit of undoing gates. Perhaps some sympathetic person has been helping them answer the call of the wild. If this is so, we kindly beg him to desist and save shoe leather for the rest of us.

## CAPT. BARKER AND CAPT. McGREW VISIT IN TOPEKA

Capt. John Barker and Capt. McGrew went to Topeka for a week-end and visited Colonel Perkins at his home there. From Topeka they went to Kansas City. Encountering bad snow, they could not return in the car so arrived at St. John's via the train.

St. John's was represented by about one-half of the school at the concert given by Paul Whiteman and his orchestra. This concert was enjoyed very much by all who attended.

Some old ancients once said that half a meal was the music that accompanied it. Now we know that he didn't mean the sort of music some people get from a bowl of soup. And Sunday, November Eighth, Capt. Shideler and his famous troupe gave us a real idea of music in the dining hall. Kintz, Jones, R., Moe, Needham and Roth played the deeper toned instruments, while Brach, I. played the violin. Capt. Shideler (King of the ivories) performed at the piano.

First of all the entire student body ably led by Capt. Poggerman's thundering bass sang the first of America, which gradually gave way to S. J. M. S. Forever. We say gradually, because Capt. (Lemo) Linger went on and sang the second verse of the National anthem before he was aware that the others had stopped. Last of all, everyone, even Lieut. Cronin, sang "Yes, Sir, That's My Baby," and with a loud applause to the orchestra the cadets adjourned to write the weekly letter to mother.

## NOTES OF INTEREST

St. John's was represented by a group of cadets at the Schumann-Heinck Concert on November 4.

We wonder why Jamison always hands out the packages at mail formation.

## OFFICERS PRACTICE GIVING COMMANDS

No more absent reveilles for the officers and sergeants, for Major Feiro has them report to a distant part of the football field each morning and practice giving commands. The effect of the training is already beginning to show up in the response of the cadet corps to correctly give commands. Major Feiro says that the correct execution of a command is one of the important accomplishments of an officer.

## BUSINESS DEPARTMENT

At the beginning of the school year the Business Manager, Lieut. Crooks, and his Assistant Sergt. Farnsworth, spent about a week getting new ads and renewing old ones for the Skirmisher. In order to better serve our advertisers the business staff calls on each advertiser after each issue of the paper and delivers him a copy. This enables the staff to check any mistakes that might occur.

## A POST OFFICE PUZZLE

The other day a little irishman approached a postoffice which had three letter boxes outside. One was labelled "City" another "Domestic" and the third "Foreign." He looked at the three in turn and then, as a puzzled expression crossed his face, scratched his head.

"Faith," he was heard to mutter, "I don't know in which one to put th' letter. Sure, Katie's a domestick, an' she lives in th' city alright, an' she's a furriner, too, but, begobs, I don't know how th' thing can go in both of th' holes at once."

## EXTRA DUTY

For those having extra duty to exceed twenty hours, a daily squad list has been instituted. This plan prevents squad from piling up too high on any man and keeps down the Wednesday and Saturday squad lists.

## GUARD MOUNTING

The merit system has been adopted at guard mounting. The member of the guard, who in all respects, is the best groomed, receives twenty merits. Great interest in "put" shining has been stimulated by this new scheme. The old and new officers of the day make the selection.

Some great generals, it is said, fought their first battles on the third floor.

## HARRY FUHRMAN VOTED MOST POPULAR CADET IN SCHOOL

(Continued from Page 1)

difference to the "weaker" sex was brought out to win the "he-men's" vote, and even Buschow received a nomination speech that placed him close to the hearts of many cadets.

After the nominations a vote was taken in the dining hall eliminating the three lowest contestants; a little later another vote was taken in study hall and the last actual voting was done in the dining hall when the last of the candidates was reduced to Capt. Linger, Sergt. Fuhrman and Sergt. Holmes. Certainly the cadet corps made a wise selection for nowhere can be found three better liked chaps than these.

The last vote was taken in a very strange manner. Capt. John procured three banks and placed them on the guard desk; someone else placed three paper thermometers on the wall above them and the rest was left to the students. The fact that voting was done not by signing a ballot but by actually placing cash in your favorite bank and by so doing causing his thermometer to rise. This plan added greater zest to the affair.

First one and then another thermometer would rise until about a day before the closing of the polls when Fuhrman's pulled away from the rest. At the final vote it was found that he had received 3,040 votes, Linger 1782, and Holmes 542. The contest netted the Skirmisher \$5.42.

## LIONS CLUB ENTERTAINS ST. JOHN'S AT LUNCHEON

Last Tuesday the Lions Club of Salina invited the cadet corps to luncheon at the Guild House of the Cathedral. The luncheon was enjoyed and appreciated by all the cadets, who expressed their thanks by giving the Lions Roar and then fifteen Raahs for the Lions. Songs were sung by both bodies of people.

After the luncheon the cadet corps went to the Palace Theatre to see the motion picture of Kansas boys in action in France.

## GAMES

Under the supervision of Major Feiro games are now being played during the drill period. They seem to pep things up and give the cadets a new spirit at drill. It is hoped that they will continue during the winter months.

## SALINA GAME

Annual Battle Between St. John's and Salina High School is Won by the S. H. S.

On the sixteenth of November the annual St. John's Salina game was played at Kenwood park. The day was ideal for football and a large crowd was present to witness the game.

Both teams displayed a very good brand of football and showed good sportsmanship.

The first quarter the cadets held the heavy High School team for no gains, but with the second period the Maroons forged ahead over the St. John's defense but failed to kick goal.

The cadets line being too light for straight offensive, aerial tactics were presented which gained much ground for the cadets.

Stotts intercepted a pass and ran thirty-five yards for a touchdown, after which Utterback kicked goal.

"Tiny" Shortt, our 270 pound left guard, twisted his ankle and was forced out of the game. Salina's weight now began to tell and the Maroons scored three touchdowns the last half, kicking goal once and leaving the final score 31 to 7. St. John's lineup was:

LE—Capt. Fuhrman.  
LT—Alderson.  
LG—Shortt, G.  
C—Meyer.  
RG—Newman.  
RT—Blunt.  
RE—Jackson.  
QB—Roth.  
HB—Stotts.  
HB—Utterback.  
F—Mourning.

## ST. JOHN'S RABBIT HUNT

(Continued from Page 1)

truck to haul supplies to North Pole Mound. Lieut. Crooks also took each group of hunters out to the hunting territory. Everyone got away by eleven o'clock and were soon scaring rabbits out of the corn stalks and bushes. The boys who didn't have guns used clubs for beating the rabbits out so that the ones with guns could shoot them.

All through the vicinity of North Pole Mound guns were barking and very scared bunnies were running in every direction.

Lunch was served to the different groups as soon as they came in. When they had eaten and warmed their hands and feet they proceeded with the rabbit hunt and the rabbit piles kept growing larger.

Lieut. Crooks was sent back to the school to procure spoons for eating the hot chili, and when he finally did arrive with the spoons which was about four o'clock everyone had already eaten and managed to get along without the spoons. Sandwiches, fruits and chili were served and everyone seemed to have a keen appetite. Lieut. Crooks said his truck got stalled and he had to walk back to school and get Bert to come and start the truck. All Bert did was crank it.

After taking the kitchen detail and a squad of cadets back to school in the truck, Lieut. Crooks started back to pick up the rest of the squads and on the way back ran out of gas, which made it very sad for those left out on North Pole Mound. When it started to get dark and Lieut. Crooks hadn't returned, the cadets started on the seven mile hike back to school. Every one arrived very tired and hungry. Taps blew early as every one was ready for bed.

It was a very successful rabbit hunt. Capt. Linger's side shot thirty-five rabbits and Sergt. Fuhrman's side twenty-five, which gave Capt. Linger's side the treat as they were more successful in their hunting. The total number of rabbits killed was sixty. It seems that everyone had a good time as there were lots of funny experiences.

## A VISITOR

Ralph Pratt of Herington, Kansas, formerly of St. John's, visited his friend, Lieut. Crooks, during the Thanksgiving vacation.

## THE EXCHANGE

We see by the Wentworth Trumpeter that their mascot "Major" a canine friend of all true Wentworth boys returned to see the W. M. A. Thanksgiving game.

The Washington High students of Salina, Kansas, are staging a contest on the American Flag Creed.

At Kemper Military Academy, Boonville, Missouri, the officers are carrying shoulder straps on their shirts.

The Russell High School Chatterbox says that a juvenile band of forty-five pieces has been organized, being composed of both boys and girls.

The Blue-J of Junction City, Kansas, makes the remark that their basketball practice has been going on some time before the basketball season opened.

## SAD—BUT TRUE

Behold! The lodge lodgeth together and they eat. The club clubeth together and they eat. The business men take counsel and they eat. The church hath a social and they eat. The young people elect officers and they eat. And even when the Missionary society meeteth together they eat. But this latter is in good cause because they "eat in remembrance" of the poor heathen who have not much to eat.

Behold! Hath a man's brains gone to his stomach and doth he no longer regard intellectual dainties that thou can'st no longer call an assembly or get together a quorum or even a "baker's dozen" except thou hold up the baker's dainties as a bait? Be it true, that the day cometh, that, to get a crowd at prayer meeting the preacher must hold up a biscuit?

Yes, verily, thou hast heard of the child races of the world. But behold it is nigh thee even at the door. For as one calleth unto the child and sayeth, "Come hither, sweet little one, and I will give thee a stick of candy," even so must thou say to his grownup papa and mama, "assemble ye together and we will serve refreshments." And lo, they come like sheep in a pen. Ain't it so? Ain't it so? Amen.—The Derrick.

### VESPER SERVICES

On November 8th the cadet corps attended the vesper services at Christ Cathedral. The services were very beautiful with the music and a few prayers.

The cadets marched down the sidewalk due to the recent snow breaking the ancient custom of marching in the street in a column of squads.

After the services Cadets Paddock, Jackson, Farnsworth and Whitehead attended the Ictus Club at the Guild House.

Keller: What time does the four o'clock whistle sound?

Bivins: I don't know I'm a stranger here too.

### IF

What would happen if:

A Ford coupe didn't appear on the campus every evening?

Frey couldn't get a pass to town every night?

Jamison didn't have something to eat about ten-thirty every morning?

Alderson would shave?

Cronin cracked a smile?

### ARRIVAL OF DRESS UNIFORMS

One day last week Mr. Barker announced that the dress uniforms for the new boys had arrived. With the exception of a few alterations to be made everyone now has a full dress uniform.

### SHAFFER FAMILY HAVE REUNION AT ST. JOHN'S

Of course we have young Shaffer and Nance with us all of the time, but during vacation Mr. and Mrs. Shaffer of Casper, Wyoming, and Mr. and Mrs. John Nance of Midwest, Wyoming, who have been motoring through the east the past month, stopped to see their sons over the Thanksgiving holidays.

Much to the pleasure of many of the old cadets, Clyde Shaffer, better known as "Gump," of the class of '23 and former Captain of Company B, surprised everyone Thanksgiving morning by arriving from the University of Colorado, where he is a Sophomore.

Not only was the reunion enjoyed by the family, but also by the many friends at St. John's. Saturday morning the guests started to drive to Greeley, Colorado.

Few women are afflicted with lock-jaw.

### SACRED STUDY

Under the new supervision of our chaplain, Capt. Botkins, classes in sacred study are now being conducted every Thursday. It comes during the English period. The course is quite extensive and each form has a text book. The object is to present a well rounded four year course of instruction and study of the Bible.

Nance: "Gosh, listen to that cat. Doesn't it give you the shivers?"

Shaffer: "Say, I call that disrespect. That's Armstrong blowing taps."

### SAVING TO THE COMMISSARY

Lieut. Jamison, or just plain "Nutsie," lost quite a lot of weight during his recent illness with the hoof and mouth disease. It seems that he caught this disease in the Junction City football game by having a foot stuck in his mouth not altogether gently. Everyone was greatly worried as he had to eat very slowly and couldn't chew very well, in fact he cut down his rations from seven helpings to four. The result was that he grew paler each day. Anyway we are all glad that he has recovered and has gone on schedule again without much loss of time.

### PERKINS' VISIT THE SCHOOL

Col. Perkins with Mrs. Perkins and Dorothy, visited Salina and the school over the week-end. However, very few of the cadets saw Col. Perkins. He was attending the Shrine Convention and was at the school only a short time.

Many of the new cadets had the opportunity of meeting Dorothy and Mrs. Perkins at the St. John's-Ada game.

Col. Perkins was commandant at St. John's and is now assistant Adjutant-General of the state of Kansas.

### EXTRA DESERTS

Colonel Ganssle made the announcement several weeks ago that the table having the cleanest table cloth would get extra deserts on Sunday. This has been a hard fought battle so far, Capt. McGrew has won four times and Capt. Poggerman once.

Moe: "Do you use Williams Shaving Cream?"

Greenwood: "No, I room with Hake now."

Following the dinner the men who were promoted and Corp. Blunt's squad, which had won the competition drill were treated by Major Feiro to ice cream, after which the usual fifteen "rahs" were given.
